COOLIDGE APPEALS FOR CO-OPERATION

President Says in Luncheon Address Prosperity Depends Upon Spirit of Helpfulness

REFERS TO OTHER NATIONS

Speaks to Chicago Chamber of Commerce as First Event on Day's Crowded Program

By DALE VAN EVERY
(U. P. Staff Correspondent)

Chicago, Dec. 4.—Without referring by name to the League of Nations, the world court or any other form of international machinery, President Coolidge today made a straight-away appeal for sympathetic co-operation with other nations as the one firm foundation for this country's well-being.

Speaking at a luncheon of the Chicago Commercial Club, the president asserted that just as the common prosperity of agriculture and industry in this country depended on their mutual good relations, so did the prosperity of the United States depend on co-operation with other nations.

Overcast skies, a spattering of rain and snow, a greasy feel in the air—typical Loop weather for this time of the year—greeted President and Mrs. Coolidge when they arrived at 8:55 a. m. today to attend the International Livestock Exposition.

More than 100 uniformed policemen formed an avenue for the presidential party while many plain-clothes mingled with the crowd.

Hale Holden, president of the Burlington railroad and president of the Commercial Club before which Mr. Coolidge makes a luncheon address meet the party.

After brief greetings, the party drove to the Drake Hotel.

"We cannot expect, in the long course of events, to maintain our country on a permanent level of general well-being far above that of other people," said Mr. Coolidge in his luncheon address.

"I am profoundly impressed with the fact that the structure of modern society is essentially a unity, destined to stand or fall as such.

"At last those of us who are partners in the supreme service of building and bettering our civilization must go up or down, must succeed or fail together in our one common enterprise.

"We can no more assure permanent and stable peace without co-operation among nations than we could assure victory in war without allies

SEVENTY-FIVE HERE FOR LEAGUE MEETING

Representatives From Greensburg, Milroy, Carthage, Adams, Sandusky, and Glenwood

SESSION OF MIDDLE SECTION

The middle section of the Connersville district of Epworth Leagues, held a sub-district meeting at the St. Paul's Methodist Episcopal church in this city Wednesday afternoon and evening, with seventy-five representatives of the different leagues present. The representatives attending were from Milroy, Sandusky, Glenwood, Rushville, Adams, Carthage and Greensburg.

The program opened at 2:30 Wednesday afternoon with the Rev. R. O. Laine, pastor of the Sandusky M. E. church, acting as chairman of the meeting. Dr. L. T. Freeland, pastor of the First M. E. church of Shelbyville, delivered the principal address of the afternoon, which was followed by a round table discussion conducted by a special worker from the Epworth League office in Chicago Ill., Charles C. Hortsley. Mr. Freeland is also dean of the Epworth League Institute of Southern Indiana.

In the evening a pitch-in supper was served in the basement of the church followed by a social hour under the direction of Mr. Hortsley and the local Epworth League. The evening program consisted mainly of the address given by Dr. Hortsley, which proved to be a very interesting and instructive talk to Epworth League workers.

NINE KNOWN DEAD IN COLLISION OF TRAINS

Tell in Oakland Calif., Wreck May Count to 25, With Scores of Others Badly Injured

AMBULANCES RUSH TO SCENE

(By United Press)

Oakland, Calif., Dec. 4.—Two commuter trains loaded with people en route to work in San Francisco were wrecked here today with a loss of life as yet undetermined, but estimated at from ten to twenty-five.

Thirty to forty others were reported seriously injured. Intense confusion followed the wreck which occurred on the Key route interurban system.

Check of the dead accounted for nine known to have lost their lives. Train company employees believed others are dead or are dying from their injuries.

Many were brought to emergency hospitals.

Two ambulances with physicians, nurses and emergency supplies were rushed across the bay from San Francisco to give aid.

THIN DIME CLUB IS SUGGESTED BY GIFTS

Many Children Sending Ten Cents to Santa Claus Fund Shows Possibilities of the Idea

The way children have been contributing ten cent pieces to the Daily Republican-Salvation Army Santa Claus fund suggests that a "Thin Dime Club" might be organized for the benefit of the fund.

The deduge of dimes continued unabated today, with four more children sending ten cents along with their letter to Santa Claus, asking that they be applied to the fund which is being raised to make a happy Christmas certain for unfortunate little children whose parents will not have any influence with Santa Claus.

Eight children have already sent along their dimes for this worthy cause and their example might be followed by others who are anxious that no children will be unremembered on Christmas morning.

It is impossible to estimate how much good could be accomplished with the lowly dime, if the children of Rush county were to join in an enterprise of this character and shower dimes upon the Santa Claus fund.

This will give them something to think about, at least. It offers them an opportunity to be of great service and of having a part in the plan that is designed to banish sadness in the hearts of little folks on Christmas day.

"I am sending 10 cents for von Santa," writes Gale C. Stucker, Rushville, R. R. 2, in his letter.

"Enclosed find 10 cents for Santa," says a "P. S." on Betty Faye Wylie's letter to Santa Claus.

"Don't forget the poor little boys and girls," are the closing words of Charles L. Foley, who encloses a dime with his letter.

WILL LOSE SIGHT OF EYE

David Bailey of near Waldron, son-in-law of Mr. and Mrs. W. P. Sipe of Orange, met with a painful and serious accident last Saturday while trimming the hedge on his farm. One of the thorns on the hedge penetrated his left eye and he went to a physician at Manilla, who took him to Indianapolis, to undergo an examination in Dr. Morrison's office. The examination revealed he will lose the sight of his eye.

KIWANIS ELEGANT NEW CLUB OFFICERS

Paul T. Allen is Named President, Succeeding Will P. Jay—New Member is Announced

ADDRESS BY REV. R. W. SAGE

New officers were elected for the ensuing year at the regular meeting today noon of the Rushville Kiwanis club, and Paul T. Allen was named president, succeeding Will Jay. Other officers elected were Curt Hester, vice president, succeeding Dr. P. H. Chadwick; Samuel L. Trabue, district trustee, succeeding Robert Mansfield and Bert Trabue was re-elected treasurer.

The six directors named were Amos Baxter, C. L. Rebout, Dr. Cullen Sexton, Dr. H. V. Logan, Clarence Walden and Walter R. Thomas. The new officers will select the secretary of the club at the next meeting.

The Rev. Gibson Wilson, pastor of the First Presbyterian church, was announced as a new member today.

The principal address today was made by the Rev. R. W. Sage on the subject "Pass It On", which was in observance of Thanksgiving, as the regular meeting last week was not held. The speaker pointed out the value of good citizenship, and urged that the practices of advanced civilization be continued into the future generations. Several guests were present at the luncheon today.

OPEN SESSION FOR FRIDAY NIGHT

Dr. W. P. Dearing of Oakland City City College to Speak at Initial Meeting of Teachers Convention

GENERAL PUBLIC INVITED

December Session of Parent Teachers Association Combined With Convention Opening

The opening session of the Sixth District Teachers Association will be held in the Main Street Christian Church on Friday evening, it was announced today. The program will consist of a musical prelude by the Cole Orchestra, and a popular lecture by Dr. W. P. Dearing of Oakland City College. The Rushville Parent Teachers Association will combine their December meeting with this opening session of the sixth district convention.

The original program did not call for a Friday evening session, but it has been decided since the programs were printed to hold a meeting and Dr. Dearing has consented to speak.

Although marking the beginning of the sixth district teachers convention, the meeting will be open to everyone and the public is most cordially invited and urged to attend.

Dr. Dearing is one of the most eloquent speakers of the middle west. He has been very successful as president of Oakland City College, and is a nationally recognized educator. He is also president-elect of the Indiana State Teachers Association. The topic announced for his address is "The Heritage of Youth."

The state superintendent, Dr. Henry Noble Sherwood will also be present. Dr. Sherwood is not scheduled for an address until the Saturday morning session, but he has been invited to introduce Dr. Dearing.

More than seven hundred teachers are expected for the district convention, which will be an unusually large attendance. The forthcoming convention will be the fourth one to be held in Rushville in nine years. All of them have been characterized by large attendance because Rushville is centrally located and has good rail facilities.

FARM SALE PROCEEDS MOUNT CLOSE TO \$19,000

Auction on Farm of Late Edward Chambers Resembles County Fair—Three Auctioneers

BUYERS FROM MANY COUNTIES

One of the largest auction sales ever held in Rush county was conducted Wednesday on the farm owned by the late Edward Chambers when all of the personal property was disposed of by Mrs. Chambers, the administratrix, in order to settle the estate.

The sales were said to have netted between \$18,000 and \$19,000, and the crowd was almost equal to that of a county fair. Three auctioneers were in charge of the selling end of the sale, which included live stock, grain, implements and other property owned by Mr. Chambers. The farm is located in Washington township, and Mr. Chambers was regarded as one of the most prosperous farmers of the county. Buyers were present from many surrounding counties, as well as a good representation from Rush county.

The sale began at 9 o'clock in the morning and on account of the enormous amount of advertised goods, it was necessary to keep the crowd until almost dark, before everything was sold.

DIES SUDDENLY AT ANDERSON

Mrs. Charlotte Cox, Formerly of Rushville, Expires This Morning

Friends here this afternoon received word of the sudden death of Mrs. Charlotte Cox, at her home in Anderson, which occurred about 11:30 this morning.

No particulars were received as to the cause of her death, except that it was sudden.

She formerly lived in this city, in West Third street. She is survived by one daughter, Mrs. Harry Osborne in Louisville, Ky., and also grandchildren. The funeral services will be held sometime Saturday at the late residence in Anderson.

WABASH STUDENTS ARE CALLED BY GRAND JURY

Three Members of College Crowd Admit They Painted DePauw Buildings Before Game

21 SAID TO BE IMPLICATED

Greencastle, Ind., Dec. 4.—Three students of Wabash college, who according to their story helped paint buildings on the DePauw campus, on the eve of the Wabash-DePauw football game, were here today to testify before the Putnam county grand jury.

The grand jury met in special session this morning to investigate the vandalism.

Before entering the grand jury room the three students said they were members of a gang of twenty-five or thirty who came to Greencastle with the purpose of painting Wabash letters on the DePauw Athletic field. After reaching Greencastle a mob seized them, and they decided to paint the buildings on the campus.

The grand jury is expected to report late today. Guy Bolin, a detective from Brazil appeared before the grand jury to present a list of twenty-one persons he said were implicated in the escapade.

COUNTY SCHOOLS TO BE INSPECTED

County Superintendent Will be Taken to Schools Representing Different Types

INVITED BY B. D. FARTHING

Tour of County Friday to Precede Sixth District Teachers Convention on Saturday

County school superintendents of the eight counties in the sixth district, and several others from the nearby counties will be held Friday to inspect and visit the rural schools, upon invitation of B. D. Farthing, county school superintendent.

The executives were invited a day before the annual meeting of the Sixth District Teachers association, which will probably attract 700 teachers here Saturday for the gathering.

H. N. Sherwood, state school superintendent, will be here in the morning to accompany the county school executives on their trip to the schools, and a schedule has been adopted for the day.

The visiting superintendents will be taken to schools representing the different types, showing how the various types can be handled successfully in a county of this size.

The school men will leave here at 8:30 in the morning and drive to the Applegate school, which is an example of a one room building. They will remain here from 9 to 9:30 and then leave for New Salem, 8-4 plan commissioned school, and they will remain here from 9:50 to 10:20 o'clock. The rest of the schedule is as follows:

Richland school, 1 to 8 plan, two rooms, 10:45 to 11:15.

Milroy school, 6-3-3 plan, commissioned school, 11:30 to noon, with dinner at Milroy.

Homer, 6-3 plan, junior high school only, 1:00 to 1:30.

Webb school, 8-4 plan, commissioned, partly junior high plan, 1:50 to 2:20.

Jackson, 1 to 8 plan, consolidated, four rooms, 2:40 to 3:10.

Gings school, 3 year plan, accredited school. This will be the last school visited from 3:25 to 4 o'clock.

Most of the school heads including State Superintendent Sherwood, will be here again Saturday to attend the district association at the Graham high school building.

CENTENNIAL SERVICE

The service tonight at the St. Paul's M. E. church parsonage, in observance of Centennial Week, will be held in the auditorium of the church and Dr. J. T. Seull will have charge of the services. The quarterly conference will also be held at this time. On Sunday there will be services in the morning, afternoon and evening, which marks the close of the Centennial celebration.

The report on the progress of the Christmas Seals campaign today shows that the canvass to sell the little health stickers and health bonds is under way and is beginning to show results.

The purchase by the Psi Iota Xi sorority of \$110 worth of bonds is the largest contribution to the campaign thus far. The biggest sum invested, among the new supporters of the campaign announced today, is \$25 from the Rush County National bank, which went for a health bond.

Those directing the campaign today called attention to the fact that everyone should be willing to do all within their power to help the movement which has such a worthy object.

A large percent of the fund raised through the sale of bonds and seals remains here and is used to support the visiting nurse and the tuberculosis clinics, which have been of immense value in eradicating tuberculosis.

The organization was without a representative in Ripley township at the opening of the campaign, but it was announced today that the Literary Circle of Carthage and L. A. Lockwood, superintendent of schools, had been placed in charge of sales in the township.

Murray A. Auerbach, executive secretary of the Indiana Tuberculosis Association, in a letter to secretaries of county associations today, pointed out that for twenty years the work of educating the people of America in the ways of health has steadily been increasing, with the proceeds of Christmas Seal and Health Bond sale each year, bringing in the money with which to fight against the disease could be carried on. During the last score of years he pointed out the death rate from

DAIRY PRODUCTS PLANT TO BE LOCATED IN CITY

R. V. Barnett of Noblesville is Moving to Rushville For Residence—Hopes to Start Dec 15

A LOCAL MARKET FOR CREAM

The Hoosier Dairy Products company will open a plant in Rushville and hopes to have it in operation by December 15, according to R. V. Barnett, who is moving to Rushville from Noblesville and will make his home in this city.

"In fact, I am already a citizen of Rushville," said Mr. Barnett, in comment upon his coming to Rushville for permanent residence. His family will move as soon as suitable property can be found.

The Hoosier Dairy products Co., will wholesale and retail pasteurized milk and will have trucks making regular routes throughout the county to buy cream from Rush county farmers.

The plant will manufacture ice cream and already has been guaranteed a large wholesale trade locally. During the winter butter, cheese and other creamery products will be made, and in the summer the company will be engaged for the most part in shipping fluid milk.

Local men who were instrumental in locating the company here were enthusiastic over the project because it will give farmers a home market for their cream and will make unnecessary the shipping into Rushville of large quantities of ice cream.

COOLIDGE APPEALS FOR CO-OPERATION

Continued from Page One among them.

President Coolidge was careful to avoid committing his advocacy of international co-operation to any specific international legal machinery either existent or contemplated.

"I would not have you mistake my meaning," he pointed out. "I should never advocate the sacrifice of any part of our prosperity because of the vague hope that in following indiscriminate pulses of kindness we might help some who are in worse condition than ourselves.

"Nor would I sacrifice our independence and freedom of action. I do not believe that we are strong enough, or that any people ever was strong enough, to accomplish any permanent good in the world through the indiscriminations of mere, unorganized, undirected generosity.

"We can only help those who will help themselves. In any other rule, I am convinced, would lie disaster for us and increasing misfortune for those whom we might seek to serve."

The president paid a warm tribute to "wonderful Chicago," of which he said, "I think of it first as the great market place to which the world resorts to buy and sell its food."

He turned to the Biblical history of the "period of agricultural depression" in the world at the time when Joseph built up Egypt's grain supplies to last during the "seven years of dearth."

Just as the whole Mediterranean world of the time had depended upon Egypt's grain stored up under the direction of Joseph, so, the president said, had the whole world of our time depended in a period of virtual famine upon the great central valleys of America and upon Chicago.

ATTENDING BOYS AND GIRLS CLUB CONGRESS

Helen Wissing of Near Manilla in Chicago by Reason of Having Won Trip at State Fair

1300 TO ATTEND THE BANQUET

Helen Wissing, daughter of Mr. and Mrs. George Wissing, living south of Manilla, is attending the third annual Boys and Girls Club congress during the International Livestock Exposition in Chicago this week.

Miss Wissing was entitled to attend the congress for winning the Montgomery, Ward and Co., award at the Indiana state fair. She won many prizes at the fair in canning, baking and sewing.

Miss Wissing was one of 1300 boys and girls attending the congress who looked forward with much enthusiasm to seeing President Coolidge this evening.

The Boys and Girls Club banquet, which is larger than ever before, will be held this year at the Drake Hotel. The 1300 boys and girls will give their Club yell, sing their Club songs and have a good time generally. At this banquet the Moses trophy will be awarded to the boy who has shown the best leadership in this community. Another interesting feature of the banquet will be the style show at which Club girls will exhibit dresses which they have made as a part of their Club Work during the year and will model them in competition with the garments worn by a city flapper.

In order that all Club members may partially enjoy the benefits of the Congress, the banquet will be broadcast from Chicago to all parts of the United States under auspices of the National Farm Radio Council.

the distributing point, for their food products.

"But out of the Egyptian experience of Israel came the opportunity for its great service in world leadership," the president said. "It was in those years that Moses came into the world and the Hebrew nation was prepared for the profound teaching and the great message that it was to bestow upon all man-kind."

"And my faith is firm in the conviction that, if we will but realize it these years of trial and distress for the American farmer will represent only a time of preparation for his opportunity to secure that recognition of his importance, that need for economic equality, which enable him to render a supreme service to him and to his fellow men."

"Mr. Coolidge appealed for more understanding and co-operation between agriculture and industry.

"There has been a great deal of distress endured by the people on the farm," he said. "The industrial and commercial side of our nation has been giving too much thought to wheat and hogs and corn, to their transportation and to their prices, and not enough thought to the men and women who are engaged in agriculture, to their welfare and to their prosperity."

In closing, the president pointed to "common sense" co-operation with other nations as the one road to world markets, world prosperity and world peace.

"Our common sense must tell us if our self-interest did not," he said, "that our prosperity, our advancement, our portion of good fortune, must largely depend upon the share that shall be allotted to our neighbors."

SEALS CAMPAIGN SHOWING RESULTS

Continued from Page One the disease throughout America has been cut in half, and that last year there were less than 100,000 deaths.

"The little penny Christmas Seals have had a great share in this remarkable decrease," he said.

"Seals were sold for the first time in 1907, when 300,000 of them were purchased. Their popularity and number of supporters have so increased that in 1923 more than 425,000,000 Seals were purchased. During the seventeen years of the organized tuberculosis movement, nearly \$30,000,000 has been raised in America by the sale of these timely symbols of hope. That means that millions of persons, rich and poor, big and little, old and young, sick and well, have been partners in the crusade against the 'White Plague' in Indiana the story has been the same. For four years now the state has led all other states in the Mississippi Valley in its per capita sale of Seals. Death rates steadily have been declining throughout Hoosier counties since organized work against the 'Plague' began. What

have all these millions of supporters of the Christmas Seal helped to support in this country. There are now over 600 hospitals and sanatoria (seventeen years ago there were but 100) with nearly 70,000 beds; and all over 600 clinics and dispensaries where persons made good for periodical physical examinations. There are at least 10,000 nurses who are detecting the disease in the schools and homes and are giving not only treatment but healthful health instruction to mothers and children. Research and statisticians are collecting data of untold value. Millions of pieces of printed matter and thousands of columns of newspapers and magazine articles have helped to tell the story of the Christmas Seals' fight against tuberculosis to all ages, types and classes of American citizens. Other elements in the educational campaign in Indiana and elsewhere have been public health lectures, speakers, demonstrations and exhibits, motion pictures, health plays and pageants, posters and stories and the clergy of the country have responded nobly each year to the call of the Christmas Seal."

The Corn King

Ralph Heilman of Hope, Bartholomew county, was crowned National Corn King at the National Grain and Hay show in Chicago Wednesday, thus demonstrating again that Hoosiers have what it takes to make national corn kings, because they grow in Indiana just as naturally as the corn does.

It further demonstrates that Rush county can produce a national corn king just as well as Bartholomew or Shelby or Johnson or any other county in southeastern Indiana, where the soil and atmospheric conditions seem just right for corn kings.

Rush county has taken a long step towards improvement of her corn in the campaign for field selection of seed corn, which has resulted, according to a survey, in an average of 22.1 bushels more per farm being laid away by December 1 for seed purposes.

The next step is the Rush County Corn Show January 6, 7 and 8. It behooves every farmer in Rush county, if he has selected any corn from which he can pick show ears, to enter the show because healthful competition will lead to corn improvement.

This should be the goal of every Rush county corn grower. Only one can win the national championship, but for the crown to come to Rush county would give Rush county corn valuable prestige. Aside from any county pride they may have, farmers will do all they can to help raise the standard of Rush county corn for their own best interests.

The Health Championship

HUNT'S DAILY LETTER

BY HARRY B. HUNT

NEA Service Writer

WASHINGTON — Republican senators are much upset by the thought that William M. Butler will be among them for the next four years.

What the Republican solons fear is that Butler is going to be very hard to get along with.

Whether or not Butler enters the Senate as President Coolidge's personal representative even more than as a representative of the state of Massachusetts, it is a fact that most of the other senators are sure to think he does. Indeed, those who are in the capital already say so, though somewhat discreetly, for it doesn't pay them to antagonize the administration.

Now, the present Republican party management is entirely a different management from the one which existed before the Cleveland convention. The old management was thrown out at that time, none too politely. Naturally it didn't like it.

Most of the Republican senators, outside the progressives, were identified with the old management. Butler not only is identified with the new one, but, as national committee chairman, actually is head of it.

Butler takes his seat, too, under circumstances which his fellow senators regard with disfavor.

Senator Lodge's term had more than four years still to run when he died. Governor Cox of Massachusetts appointed Butler to fill out the whole of it. He was entitled to make the appointment but the Democrats say he had a right to fill the vacancy only temporarily—until a special election could be held. They intend to try to force one.

THE Democrats, however, are not the only ones who are dissatisfied. There are Massachusetts Republicans also who would like a chance against Butler in the primaries. The Republican senators, who would distinctly prefer somebody else, sympathize with them.

An administration always wants various things done that Congress objects to.

If Butler enters the Senate as the administration's representative, it will be his job to make its wishes known to his fellow lawmakers and to do his best to get them acted on favorably.

He knows as well as anybody how the Republican old-timers feel toward him. Inasmuch as he stands small chance of winning their affection, it's suspected he won't try to, but will seek to accomplish his purposes with a club.

He'll have the club all right—his national committee chairmanship, his prestige as an exceptionally successful campaign manager, his standing as White House spokesman, his ready access to a president who is notoriously difficult for most people to establish close relations with or understand, even.

Armed with a club, Butler has the reputation of a man who doesn't hesitate to use it.

In short, the indications are he will step at once into a position of leadership.

He won't bear the leader's title but it is foreseen that he may dispute authority with the senator who does, and perhaps do it more or less successfully.

Yet he's a brand-new senator. He didn't become one by election. Even his right to continue being one is questioned. In fact, an upstart, as the dignified old-timers look at it.

The prospect of having to knuckle under to him is bitter.

Price of bread in Paris is higher than it has been since 1870, so maybe there's something "crooked" about the staff of life.

Somebody shot a vaudeville manager in Los Angeles, perhaps because he hired another skating act.

Anything can happen now. Election expenses filed show eight elected congressmen spent nothing.

The Wall Street boom shows the brokers are taking a lot of stock in the reported business revival.

Senator Capper says there is too much hot air about Congress, but doesn't say how much is enough.

Keep your mouth closed when angry, says a health expert. That's right, unless you can lick everybody.

"Contentment makes a long life" is more health advice. But many men work themselves to death trying to get contentment.

Scientists think they can make gold out of quicksilver, but we don't.

A Detroit man who failed at suicide three times might try going into the Michigan woods and yelling like a deer.

The big apple crop which was reported recently is more than likely a big cider crop now.

Man named Aaron was robbed in Chicago, indicating they are taking them on in alphabetical order.

Just when the dark clouds were lifting come the sad news that more player pianos are being sold. (Copyright, 1924, NEA Service, Inc.)

FIFTEEN YEARS
AGO TODAYFrom Daily Republican
Saturday, Dec. 4, 1909

The case of the I. & C. traction company against Harry Kramer and others was heard today by Special Judge Brown of Indianapolis. The special judge was necessary as Judge Sparks is one of the defendants in the case.

F. M. Banta has resigned his position at the Frank Wilson Clothing store. The resignation will take effect January 1. Mr. and Mrs. Banta will travel and handle a line of hair goods and novelties.

To return unexpectedly back home to the folks on Christmas day, after being away in a foreign county for years, would certainly be the Christmas of Christmases, and such is to be the pleasure of Pat Carroll of this city. He is now anticipating a journey to the home of his boyhood in Ireland which he has not seen for years and where his gray haired mother and three brothers reside.

Tom J. Geraghty, now of the New York Herald, left last night for New York after spending a day in this city.

Probably one of the most pretentious and elaborate banquets and receptions recently was the one held in the Masonic Temple last evening. There were several State officers of importance here for the inspection and work and all responded to a toast. James E. Watson made the address of welcome. The Knight Templar degree was conferred on George C. Wyatt.

A. P. Wagoner when he was a farmer also did considerable auctioneering and wielded the "big stick" directing bands.

Miss Hilda McKee was hostess for the Royal Rose Buds at her home in North Willow street this afternoon.

Milroy Press: Mesdames C. H. Harton, O. M. Harton, and J. F. Miller entertained at the home of the former Wednesday afternoon and night, a large company of ladies being present at each affair.

Gordon, the young son of Mr. and Mrs. J. M. Stevens is ill at his home in West First street with chicken pox.

Mrs. W. F. McCloud and children of Indianapolis will return today after a visit with her parents, Mr. and Mrs. James Kratzer.

Tom Bratton, son of Mr. and Mrs. Thomas Bratton of North Sexton street, will leave for Texas next Tuesday, where he will visit his sister, Mrs. L. B. Nolte of San Antonio and spend the winter.

Mrs. Clinton Bodine and Miss Laura Hilligoss have returned from a visit with friends in Indianapolis and Franklin.

Mrs. Will Hendley of Chicago and her guest, Mrs. Elliott of Des Moines Iowa, are here the guests of relatives and friends until Monday.

TODAY'S CROSS
WORD PUZZLE

Why does the worm turn?

ANSWER TO WEDNESDAY'S
PUZZLE

The hen crossed the road because there was a gang of chickens on the other side working cross word puzzles and she wanted to satisfy her curiosity.

That was the perfectly natural thing for the hen to do. We are all more or less like the hen in being curious. When we see in the newspaper a square space divided into a lot of small black and white spaces like a checkerboard and some words down below under headings — "Horizontal" and "Vertical," we just naturally can't resist the temptation to see how limited our vocabulary really is.

Our C. W. P. editor, who thought his job was a little shaky, has taken on new courage since he read in the Indianapolis papers that Booth Tarkington and Meredith Nicholson have come out for the cross word puzzle.

GOOD NEWS FOR US

New player for Rushville! Newkirk, the mainstay on the Raleigh team, general all around man and an excellent basket shot, will soon be moving to Rushville with his parents. He becomes eligible to play at once, and his services will no doubt bring him a Lion uniform as soon as he gets accustomed to the local methods.

ON TO HAGERSTOWN CROWD. FOLLOW THE SWALLOW! ALL THE ROOM THAT RUSHVILLE WANTS, IS THE WORD SENT DOWN TO RUSHVILLE SCHOOL OFFICIALS. THE LIONS WILL NEED YOUR HELP. CAGE HAGERSTOWN FRIDAY NIGHT.

TWELVE!

On your toes Arbuckle! Grab yourself a dozen baskets in the first half.

THEY'LL BE THERE TOO

Suppose Connersville will send a delegation to Hagerstown, as it appears that they sorta like to see the Lions perform, which incidentally gives them a few pointers.

They Can Argue It Later

Frankfort plays Kokomo Friday night. The two columnists are having quite a time, with the Press Box in the Kokomo Tribune devoting much space, and What the Stars Say in the Frankfort Times poking in a word now and then. Finally the Frankfort paper remarks that the near Friday night is not a debate, but a basketball game.

Hittin' 'em has received from Muncie a letter from a boxer who wants to fight. That's what we want to know.

SCHOOL HOUSE AT RUSHVILLE BURNS Says headline in Connersville News. They were in hopes that it was the gym, because they are leary of the December 19 game here. But the gym is still there!

George Purcell of the Vincennes Sun has written a song entitled "We Ain't Gonna Lose No More." To

read his Casual Comment, we never thought that Vincennes had lost a game.

Newcastle Due For Big Surprise Party

The Washington Herald comments on the two defeats that Newcastle suffered last week, and says that their troubles are not over yet because they face Bedford Friday.

TWENTY-FOUR!

Kroek 'em cold with your playing Lakin, and show Hagerstown that you are the best center in these parts. Ring up a dozen baskets.

ANYWAY CARTER OR SOMEONE STARTED SOMETHING

Columbus has a player named Carter. The other day the Columbus Republican made a misprint in mentioning his name and called him Garter. Newspapers said he would make a better supporter than a player, and then Columbus laid the blame on the linotype operator, stating that all operators are dumb. This started a riot in all shops that reprinted the Columbus clipping, because no Linotype operator will admit that he is dumb. In one exchange the line operator put one over on the editor, and in bold black face type at the head of the clipping carried the fight on with the caption, "THE H— THEY ARE!"

THIRTY-SIX!

Keep up your good work Newbold and make Hagerstown look like Spitzland. Count a dozen times for two points.

MAIL 'EM TO HITIN' 'EM.

The Spartans, The Owls and The Tigers Will Mix

Hittin' 'em: We go to Connersville to hook up with the Junior Spartans and hoping for better luck than we had with your Lions. This game will be on Saturday December 6.

"TIGERS"

Friday night we tussle with the Glenwood "Owls", a fast game is expected. Everybody come out and help the "Orange Tigers" win.

"ORANGE TIGERS"

New Salem has an Independent basketball team that makes 'em take water. They have won 5 out of 6 games, and their latest victim was Everton, who lost 35 to 21.

IT IS JUST ABOUT TIME FOR "PEACHES" OF ORANGE TO BREAK THROUGH WITH 40 FIELD GOALS FOR THE GIRLS TEAM.

GAME HERE FRIDAY!

The Cows of Moscow are billed for a game here Friday night, meeting the Spiders from Webb. If you can't go to Hagerstown, then drop around and see these teams play.

The Snappy Five thought they were in Jerusalem instead of New Palestine the other night, and left the snap outside the gates.

No Wonder They Are Charging a Dime

Wonder where Connersville found such an easy team as Montmorencie to play Saturday. The next hard game on the schedule for the Ikniks will be with Raleigh. Tough pickin'.

The Connersville schedule sorta sounds like the schedule that Washington has, Elhara and Frichton, hey George?

FORTY-EIGHT!

McNamara, who was called a shiek by one of these columnists, will show Hagerstown that he can play basketball. He is billed for a dozen baskets, Friday night.

If noise has anything to do with it, Marion, Ind., will take the first prize. John L. McCulloch, a citizen, has donated \$1,000 for band instruments, and all of the pupils are going on a foot.

WE HAVE MUSIC ALSO

Susie's band, the ole stand patters for the Lions, are back in strong numbers this year and have been elevated to the high stage of fame over the north goal, which by the way satisfies George Wilse. The band adds the pop to the rosters, and deserves much praise. Sorry Hittin' 'em hasn't a thousand smackers to donate to 'em.

SIXTY!

Now if Miller plays his usual game at Hagerstown Friday night, which no doubt he will, we will excuse him for playing Rip VanWinkle the other night. It just takes twelve baskets to make a good record for him, and we have them all filled in for the Hagerstown game.

LET'S SEE. TWELVE TIMES FIVE IS ONLY 60 POINTS. BY THE TIME THAT THE REST OF THE GANG MAKES A FEW, IT WILL BE TIME TO QUIT FOR ONE NIGHT.

WHIZ-BANG BALL

Rebester has a thirty minute team. They are being coached to win every game in thirty minutes, which is the regular period for four-

ney games. Not a bad idea to pile up the points early, but a poor idea to stop during the last 10 minutes. They failed to win from Kokomo in 30 minutes, however, and didn't even win in forty minutes.

Who wants to go to Columbus? School officials have plans for special train over Pennsylvania December 12, or special traction car with through service. Hagerstown first, then let's discover Columbus.

Rush County Basket Shooters Take Game 35 to 21. And Play New Palestine Next

WON FIVE OUT OF SIX GAMES

The New Salem Independent basketball team won another game making 5 out of 6 victories, by defeating Everton Tuesday night at New Salem 35 to 21. The first half ended 19 to 12 with New Salem leading. The game was fast, but all of the players were off in basket shooting. King starred for New Salem, making 14 points, while Spencer and Brandenburg went best for Everton.

New Salem will bump up against New Palestine Tuesday night at New Salem. This is the only team that has defeated the New Salem team, but the local team is confident that they can take them down the line. The line-up and summary:

New Salem 35 Everton 21
King F. Brandenburg
Beckner F. Grist
K. Wilson C. Spencer
Norris G. Fielding
H. Wilson G. Cherry
Substitutions, Everton, Charles, Shettleworth; field goals, King 6, Beckner 4, K. Wilson 4, Norris, Brandenburg 4, Spencer 3, Fielding 2; foul goals, King 2, Beckner 3, Norris, Brandenburg, Cherry, Fielding.

LIONS GO ON THE ROAD FOR GAME FRIDAY NIGHT

Rushville High School Team and Rooters Will Invade Hagerstown For Week-End Game

SECONDS TO PLAY ALSO

The Rushville high school basketball team will make their second road trip of the season Friday night, when they journey up to Hagerstown, in Wayne county, for a game, and advance information predicts a hard fought contest.

The varsity squad will also be accompanied by the second team, which has a game with the Hagerstown seconds. The gym at Hagerstown is said to be of fair size and they have sent word down here that they can accommodate as many rooters as Rushville will send.

Hagerstown in the past has had a fast team, and last year gave Rushville a hard game here. They have the same team this year. Recently they held Connersville to six points. Fred Bills will referee the game.

On the following Friday night, December 12, Rushville plays at Columbus, both the first and second teams, and an effort is being made by school officials to secure a special traction car or charter a special train on the Pennsylvania.

FANNING WITH FARRELL

Looks Weaker in 1925

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Dec. 4—Comparisons of scores made in intersectional football can't be accepted as a means of judging the quality of football played in the various sections of the country. Very few games are arranged where a representative team of the East meets a team that represents the best football from the West or South.

From a few games that were played this season, it was shown that the best football in the South is about as good as the best football in the Middle-west, and that the best teams in the Middle-west are as good, if not better, than the star Eastern teams.

Take the case of Notre Dame for an example:

Notre Dame defeated Army and Princeton in the East. The Army tied a fine Yale team and Yale tied a great Dartmouth eleven that shared with Yale the best claim to an Eastern championship.

No Eastern team did so well in inter-sectional competition against Southern and Middlewestern football, although Notre Dame's victory over Georgia Tech could not be taken as a victory over the South, because Georgia Tech was not the best team in the South.

The best showings made by Southern teams were Georgia's feat in holding a powerful Yale team to a 7 to 6 score. That early season game might indicate that Georgia, one of the strongest Eastern teams was on a par with Yale, one of the strongest Eastern teams. If they had played later in the season when both teams were better developed, Georgia might have done just as well of a little better.

Vanderbilt's victory over the Minnesota team that had stopped the great Red Grange and beaten Illinois, was the big achievement of Southern football, because the two teams were representative of their sections, even if they weren't consid-

ered the best teams in their territory.

The tabulation of the more important intersectional games shows that Eastern teams won ten out of fourteen games from Middle-western teams, and eight out of ten games from Southern teams, and that Western and Southern teams broke even in two big games.

But, as was pointed out above, that doesn't mean that Eastern football is as good as the figures would indicate.

Most of the Eastern victories were scored by powerful Eastern teams against opponents that were not as strong and not as evenly matched. The Army beat St. Louis 17 to 0, trimmed Detroit, 20 to 0, and won from Florida, 14 to 7. But when a good team came along, the Cadets lost to Notre Dame, 13 to 7.

Boston College defeated Marquette, 34 to 7, and the Haskell Indians 34 to 7, only to be beaten by the Southern Centenary eleven 10 to 9.

Brown beat Haskell 17 to 13 and lost to Chicago 19 to 7.

Carnegie Tech chalked up two victories for the East against the West by beating Dayton 14 to 3, and Toledo 54 to 0.

Yale beat Georgia 7 to 6, and North Carolina 27 to 0. Penn beat Georgetown 3 to 0 and Harvard beat Virginia 14 to 0. Penn State beat North Carolina State 51 to 0, and Penn beat Virginia 27 to 9. Marquette beat the Navy 21 to 3 and Washington and Jefferson won from Detroit.

Nebraska's 33 to 7 defeat of Colgate and Georgia Tech's 15 to 13 victory over Penn State were two games that meant more than a dozen of the above scores.

Trying to find games between evenly matched teams of good standing in their territory, games which really meant something, it would seem that the following were the most significant scores:

Against the East:
Notre Dame 13, Army 7.
Notre Dame 12, Princeton 0.
Centenary 19, Boston College 9.

Chicago 19; Brown 7.
Georgia Tech, 15; Penn State 13.
Nebraska 33, Colgate 7.
Against the West:
Vanderbilt 16; Minnesota 0.
Marquette 21, Navy 3.
Washington and Jefferson 18, Detroit 6
Against the South:
Notre Dame 34; Georgia Tech 3
Yale, 7; Georgia 6
Penn 3; Georgetown 0

These figures show that Eastern teams didn't win a single game from a real outstanding team from the Middle-west. The two victories scored by Yale and Pennsylvania over Southern teams were sort of moral victories for the South and Bo McMillan's Centenary team gave the East a good smack by beating Boston College.

The figures, however, mean nothing, but they are interesting. Critics who have been traveling around the country know that the best teams of the South play football as good as the best teams in the Middle-west and in the East. No particular section of the country has any particular corner on the football market. They are all good.

SPORT CHATTER

Chicago.—Coach Staeg announced four big games for the University of Chicago football team next year. The Maroons play Pennsylvania, Dartmouth, Wisconsin and Ohio State. Other important games also may be listed at the meeting this week of big ten conference coaches and officials. Michigan wants a game with Chicago, it is understood.

Iowa City.—Harold Griffin of Sioux City was elected to pilot the Iowa University football eleven in 1925 last night. Griffin for two years has held down the center position.

Petersburg.—Dwight V. Beeds of Youngstown, who scored two touchdowns against Notre Dame, was elected captain of Carnegie Tech's 1925 football team.

The Ladies Aid Society of the Wesley M. E. church will serve a chicken supper Friday evening in the church hall beginning promptly at five o'clock.

FRI. EVE., DEC. 5

The choir of the Main Street Christian church will hold their regular rehearsal tonight at eight o'clock in the church.

The Monday Circle will be entertained Monday afternoon at the home of Mrs. Vern Norris instead of Mrs. Ed Chambers, as originally scheduled.

Mattox Circle, No. 51, Ladies of G. A. R. will meet in the assembly room of the court house Friday afternoon. At this time officers will be elected and all the members are urged to be present.

There will be a regular stated meeting of Martha Poe Chapter, No. 143, O. E. S., Friday evening, December 5. Election of officers will take place at this time and all the members are urged to attend.

Mr. and Mrs. E. H. Pitman were host and hostess Wednesday evening to the members of the Century Club at their home in North Morgan street. The guests spent the evening around the card tables playing Five Hundred.

On Wednesday evening the young people of the First Presbyterian church were delightfully entertained with a handieap party. Many interesting games were enjoyed, after which refreshments were served by the social committee.

The meeting of the Delphian Society, which was to have been held Friday, December 5, at the Lollis Hotel, has been postponed until Tuesday, December 9, at which time it will be held in the hotel promptly at 2:30 o'clock.

The Aides of the Woman's Relief Corps will meet Saturday afternoon

The Girl's Circle of the Little Flatrock Christian church will hold their regular meeting Saturday afternoon at 2:15 o'clock at the home of Miss Esther Geise. Miss Marian Sefton will be the leader and all members are urged to be present.

Twenty-five couples attended the dance given Wednesday evening at the Social Club. Mrs. Rich Reed and Mrs. John Kiplinger were captains of the division, who served the dinner preceding the dance. The Ki-Barber orchestra of Indianapolis furnished the music for the dancers.

Mrs. Cullen Sexton was a charming hostess Wednesday afternoon when she entertained the members of the Wednesday Afternoon Bridge club and one extra table of guests to a one o'clock luncheon. The appointments for the luncheon tables were beautiful and after serving of the delicious dinner the ladies enjoyed a social afternoon around the card tables playing bridge.

Mrs. Walter Perkins assisted by Mrs. Minnie Moore, Mrs. Ella Higgs, Mrs. Letha Platt and Mrs. Rena McGinnis, entertained the members of the Rebekah Crochet club Wednesday afternoon at her home in West Third street. During the business meeting the following officers were elected for the ensuing year: president, Mrs. Rena McGinnis; vice president, Mrs. Will Jones; secretary treasurer, Mrs. Edna Dagler. The club also voted to give \$2.50 to the Santa Claus fund and \$2.50 to the Christmas Seal sale. Plans were also made to piece comforts for the Indiana Orphan's home at Greensburg. Twenty-four members and guests were present for the meeting, at the close of which the hostess and her assistants served a luncheon, and gifts were exchanged.

VILLAGE GOSSIP IS BLOCKING THE TRIAL

Character That Caused Arrest of L. M. Hight and Mrs. Elsie Sweetin Delaying Start

ONLY ONE JUROR IS ACCEPTED

Others All Told Court Opinions Could Not be Changed—100 More in Special Venue

(By United Press)

Mount Vernon, Ill., Dec. 4—Village gossip—which caused the arrest of Lawrence M. Hight, respected pastor of Ina for murdering his wife,—today is blocking a speedy start in the prosecution of Hight and Mrs. Elsie Sweetin for the murder of Wilford Sweetin, the woman's husband.

The gossip swept the community following the arrest and subsequent confessions of the two—confessions that they had murdered their mates by feeding them poison through love for one another—and the community has formed an opinion.

One juror out of 30 examined had been tentatively accepted. The others all told the court their opinions could not be changed.

One hundred more prospective jurors were in court this morning and it is likely that a jury will not be picked before Saturday. One hundred state witnesses—most of them Ina residents who knew and watched the visits of the Methodist pastor to the home of Mrs. Sweetin—have been dismissed until Monday when the testimony is expected to start.

Hight and Mrs. Sweetin both said today they had prayed last night. Mrs. Sweetin said she felt a "divine hand" was directing the destinies and would guide the jury to find her innocent. Hight would not talk.

Today Hight appeared extremely nervous and dejected. He continually picked lint from his black, churchy looking clothing. His face paled once or twice as state's attorneys asked jurors if they believed in capital punishment. Mrs. Sweetin, in mourning, seemed to pay no attention to the questioning.

Questioning of the jury yesterday centered about whether the prospec-

MRS. SHEATSLEY TOOK HER LIFE. CORONER SAYS

Verdict Declares Death of Pastor's Wife in Furnace Resulted From Suffocation

MAY END THE INVESTIGATION

Columbus, Ohio, Dec. 4—Mrs. Ada Sheatsley, committed suicide, Coroner Joseph Murphy declared today in his formal report on the Latheran personage furnace mystery.

Murphy indicated death resulted from suffocation, pointing out this could have been caused by soot or by some other irritable substance. Such a condition would have prevented carbon monoxide gas entering the lung.

The fact that fragments of the lung tissue examined by scientists showed no trace of this poisonous gas, was accepted by other investigators as evidence that Mrs. Sheatsley had been murdered.

The coroner's verdict probably brings the investigation to a close. Whether Prosecutor King in view of the verdict of suicide, will attempt to probe the murder, is problematical.

BIRTHS

Dr. and Mrs. Frank Sparks received a telegram this morning announcing the birth of a baby girl to the wife of Mahlon Davis, at their home in Elkhart, Ind. The baby was named Janet Dean. Mrs. Davis was formerly Miss Marian Sparks, daughter of Dr. and Mrs. Sparks.

Indianapolis—Mrs. Mary Huzzey asked for a divorce from Horace S. Huzzey for failure to provide. He recently joined a religious sect which teaches that the end of the world is at hand and provision is unnecessary, she alleged.

SAYS FORBES AGREED TO \$50,000 FOR CONTRACTS

Federal Court Room, Chicago, Ill., Dec. 4—Col. Charles R. Forbes while head of the United States Veterans' bureau, agreed to accepting \$50,000 cash for three government hospital contracts to be given by the Hurly Mason Company on the Pacific coast, Elias H. Mortimer, star government witness, testified today in the Forbes-Thompson fraud trial.

Mortimer testified concerning a conversation he said he overheard between Forbes and Charles B. Hurly, head of the contracting firm. Hurly, the witness said, asked Forbes for the contract to build the veteran's hospital at Livermore, Calif., American Lake, Washington, and St. Cloud, Minn. He offered to pay Forbes \$50,000 for each contract, the witness charged.

"Col. Forbes said that's satisfactory to me" and then asked Hurly to give him the money in person," Mortimer said.

FOUR KILLED AND SIX INJURED IN ACCIDENTS

Indianapolis, Ind., Dec. 4—Four were killed and six injured, three probably fatally, in accidents in Indiana during the past twenty-four hours.

A. M. Parrish, Waynetown and R.

N. Carter, Wingate, were killed near Lafayette when their truck was struck by a Monon passenger train. Dan Rans, 70, was killed and Omar Pratt, 28, was probably fatally hurt when their auto was struck by a train near Rochester.

Scott Emrick, 13, was killed by a school hack near Richmond.

H. T. Hull, Noblesville, was seriously injured and two others were hurt as a bus was wrecked by a freight train at Veedersburg.

New Way to Quickly Stop Worst Cough

A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

GIVE YOUR STOMACH A CHANCE

The average person puts into his or her stomach just about twice as much food as the body needs or the stomach can digest. One of two things must happen—either the stomach weakens under the load or it must receive assistance before it does weaken. Some people take time by the forelock because the stomach generally gives warning that it is being abused. These symptoms are gas, sour stomach, bloating, coated tongue and the like. When these symptoms appear take heed of the warning Nature doesn't give these warnings unless they mean something. First stop overloading the stomach and secondly go to your druggist and ask for Di-Jo. A few Di-Jo Tablets will give instant relief and enable the digestive juices to do their work. If you insist upon eating what you want, keep yourself supplied with Di-Jo. It will remove part of the load which the digestive forces of the stomach have to carry.

If you are troubled with constipation take Di-Jo. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

BUSINESS MAKES A BIG INCREASE

634 New Businesses Were Launched in State of Indiana During Month of November

AUTOMOTIVE INDUSTRY LEADS

Establishments Handling Foods Were Subject to Most Frequent Change of Hands

Indianapolis, Ind., Dec. 4.—Increased business activity in Indiana was reported today by the Indiana Daily Business Digest here.

According to its monthly summary 634 new businesses were launched during the past month, an increase of twenty-six percent over October's total of 501.

During November 376 business establishments changed ownership.

With a total of 141 firms, the automotive industry continued to lead in the establishment of new enterprises. Establishments handling foods were subject to the most frequent change of hands, the Digest showed. Then hotels were sold while only five were started; seventy-one restaurants and cafes changed ownership and seventy-four were launched; from a total of sixty-four groceries and meat markets opened, there were fifty-seven changes of ownership.

November's report showed a substantial gain in the number of factories and other large establishments. Forty-four manufacturing establishments were started, while only thirty entered the field in October.

Other new firms: Clothing, millinery, and shoes, 35; barber shops and beauty parlors, 33; real estate, loans, and insurance, 32; drug stores, confectioners, and cigar stores, 26; new business buildings, 20; grain elevators and building materials, 16; bakeries, and tailor shops, 5 each; theatres, 14; furniture and office supplies, 14; dentists and doctors, 11; coal companies and amusements 10 each; general stores, 9; newspapers, print shops and shoe repair shops, 7 each; public utilities, lawyers, and auditors, 6 each; hardware stores, 4; jewelry stores and banks 3 each; 5 and 10 cent stores, laundries, undertakers and fraternal orders, 2 each.

The Digest also report a decrease in the number of bankruptcy proceedings and fewer suits and judgments in the state during the past four weeks.

The N. S. high school orchestra played for the parent-teacher's meeting at Webb Tuesday evening.

The Thanksgiving song and praise service which was held at the church here Sunday evening was well attended.

The Women's Missionary society has postponed the regular meeting to Tuesday December 9, at which time it will be held at the church at two o'clock. A splendid program has been arranged.

Mr. and Mrs. Charles Mauzy entertained D. E. Walker at dinner Sunday.

The Young Ladies' Circle will meet with Miss Esther Geise Saturday afternoon at two o'clock.

A crowded house greeted the Boyds and Miss Katherine Gutchell at the church here Tuesday evening in the second number of the Lyceum course. This was one of the highest

class companies in the Lyceum and was given a great ovation in this community. The members were professional artists giving clever dramatic numbers and sketches, full of life, which appealed to the audience and drew loud and hearty applause. The vocal and instrumental numbers were extremely fine. The closing number was a one act play entitled "Mrs. Gad-About", which merited the highest appreciation and applause.

Notice of Sale of Real Estate

The undersigned Commissioner by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending; entitled Marion Owen et al. vs. Gertrud Gosnell et al. and Numbered 3416 upon the docket thereof, hereby gives notice that at the residence of Lafayette Peck, two miles southwest of Moscow, Orange Township, Indiana, on

SATURDAY, DECEMBER 6, 1924
AT 2:00 O'CLOCK P. M.

of said day he will offer for sale at private sale and at not less than the full appraised value thereof, the following described real estate to-wit: Beginning at the southeast corner of the west half of the northwest quarter of Section thirty (30) in Township twelve (12) north, range nine (9) east, thence north one hundred sixty-two (162) rods, four (4) links to the northeast corner of said half quarter Section; thence west forty-seven (47) rods and three (3) links; thence south one hundred sixty-two (162) rods, four (4) links to the south line of the said quarter Section; thence east forty-seven (47) rods, three (3) links to the place of beginning, containing forty-seven (47) acres and one hundred (100) rods.

Also a part of the northeast quarter of Section thirty (30) township twelve (12) north, range nine (9) east, commencing at a stone which is eleven (11) rods west from the southeast corner of said quarter section; thence north one hundred sixty-two (162) rods and six (6) links to a stone on the north line of said quarter; thence west one hundred one (101) rods and forty (40) links to a stone, thence south one hundred sixty-two (162) rods and six (6) links to a stone on the south line of said quarter, thence east one hundred one (101) rods and forty (40) links to the place of beginning, containing one hundred four (104) acres.

This is the Milikan Owen land and is located about two miles south of Moscow, and is fine corn land.

All situate in Rush County, Indiana. This land is divided into two tracts of forty-seven (47) acres and one hundred four (104) acres, and is fertile land and all under cultivation and either would make a very desirable farm.

Terms of Sale

One-half of purchase money, cash and remainder due in one year. Purchaser to execute his note bearing six per cent (6%) interest from date and secured by a first mortgage upon the real estate sold. Purchaser has the privilege of paying all cash.

EFFICIENCY EXPERTS TO CUT DOWN EXPENSE

Lawrence Orr, Chief Examiner of State Board of Accounts, Suggests Economy Method

SAYS LAW WOULD BE NEEDED

Indianapolis, Ind., Dec. 4—The operation of public "efficiency experts" as a means of cutting down governmental expenses in Indiana was suggested today by Lawrence Orr, chief examiner of the state board of accounts.

Just as many business organizations are operated inefficient because their books are not well kept so public officials could carry out their duties economically and more efficiently if their files and books are kept in order. Many public officials, it is admitted, lack sound business judgment and it would be a matter of economy if they could be given expert advice now and then, Orr declared.

He said the experts, or whatever

they may be called, could operate under the state board of accounts just as examiners now operate. They could be called upon to make examinations and give advice on petitions of taxpayers in all localities where they would be needed.

Orr said these experts or investigators could be certified public accountants or men trained along a regular line of business.

Such a body of men would have to be provided by legislative enactment, the chief examiner said, and declared it would meet with a rather large amount of opposition. He said he had not considered having a bill prepared for presentation to the legislature but such a plan was a good idea.

STATE BEEKEEPERS TO MEET DECEMBER 18-19

E. R. Root, Foremost Bee Expert, to be One of Principal Speakers at Gathering

WILL BE HELD IN CAPITOL

Indianapolis, Ind., Dec. 4—The statehouse will buzz December 18 and 19 when the State Beekeepers Association holds its annual meeting. Frank N. Wallace, state entomologist announced today.

E. R. Root, recognized as one of the foremost bee experts in the country will be one of the principal speakers. He has three subjects: "The Package Bee Business," "Some New Opportunities in the Southland," and "Some New Developments in Bee Behavior."

Harry F. Deitz, assistant state entomologist, will talk on the "Role of the Honey Bee in the Pollination of Plants." Deitz, who is an entomologist of broad experience, will graphically describe how the production of honey is not only a money making business for the small farmer but will point out how the honey bee is essential in the production of crops.

The beekeepers will discuss new method of making the production of honey more profitable and will tell how more money can be made in Indiana off a stand of bees than an acre of corn, Wallace said.

GREATEST ELECTRIC POOL

Calumet and Chicago District Produces Ten Per Cent of Energy

Hammond, Ind., Dec. 4—The Calumet and Chicago district in Indiana and Illinois produces ten per cent of the electrical energy generated in the United States, Charles W. Class, vice-president of the Calumet Gas and Electric Company, here, declared today.

He said the Chicago district of super-power and generative system was "the greatest pool of electric energy in the world."

Plans were being considered for the erection of the largest power station in the world here, he said. It would have a large frontage on Lake Michigan from which an adequate supply of water could be obtained. He said it may have a capacity of a million kilowatts.

COOLIDGE APPEALS FOR CO-OPERATION

President Says in Luncheon Address Prosperity Depends Upon Spirit of Helpfulness

REFERS TO OTHER NATIONS

Speaks to Chicago Chamber of Commerce as First Event on Day's Crowded Program

By DALE VAN EVERY
(U. P. Staff Correspondent)

Chicago, Dec. 4.—Without referring by name to the League of Nations, the world court or any other form of international machinery, President Coolidge today made a straight-away appeal for sympathetic co-operation with other nations as the one firm foundation for this country's well-being.

Speaking at a luncheon of the Chicago Commercial Club, the president asserted that just as the common prosperity of agriculture and industry in this country depended on their mutual good relations, so did the prosperity of the United States depend on co-operation with other nations.

Overcast skies, a spattering of rain and snow, a greasy feel in the air—typical Loop weather for this time of the year—greeted President and Mrs. Coolidge when they arrived at 8:55 a. m. today to attend the International Livestock Exposition.

More than 100 uniformed policemen formed an avenue for the presidential party while many plain clothes mingled with the crowd.

Hale Holden, president of the Burlington railroad and president of the Commercial Club before which Mr. Coolidge makes a luncheon address meet the party.

After brief greetings, the party drove to the Drake Hotel.

"We cannot expect, in the long course of events, to maintain our country on a permanent level of general well-being far above that of other people," said Mr. Coolidge in his luncheon address.

"I am profoundly impressed with the fact that the structure of modern society is essentially a unity, destined to stand or fall as such.

"At last those of us who are partners in the supreme service of building and bettering our civilization must go up or down, must succeed or fail together in our one common enterprise.

"We can no more assure permanent and stable peace without co-operation among nations than we could assure victory in war without allies."

NINE KNOWN DEAD IN COLLISION OF TRAINS

Toll in Oakland Calif., Wreck May Count to 25, With Scores of Others Badly Injured

AMBULANCES RUSH TO SCENE

(By United Press)

Oakland, Calif., Dec. 4.—Two commuter trains loaded with people enroute to work in San Francisco were wrecked here today with a loss of life as yet undetermined, but estimated at from ten to twenty-five.

Thirty to forty others were reported seriously injured. Intense confusion followed the wreck which occurred on the Key route interurban system.

Check of the dead accounted for nine known to have lost their lives. Train company employees believed others are dead or are dying from their injuries.

Many were brought to emergency hospitals.

Two ambulances with physicians, nurses and emergency supplies were rushed across the bay from San Francisco to give aid.

THIN DIME CLUB IS SUGGESTED BY GIFTS

Many Children Sending Ten Cents to Santa Claus Fund Shows Possibilities of the Idea

The way children have been contributing ten cent pieces to the Daily Republican-Salvation Army Santa Claus fund suggests that a "Thin Dime Club" might be organized for the benefit of the fund.

The deluge of dimes continued unabated today, with four more children sending ten cents along with their letter to Santa Claus, asking that they be applied to the fund which is being raised to make a happy Christmas certain for unfortunate little children whose parents will not have any influence with Santa Claus.

Eight children have already sent along their dimes for this worthy cause and their example might be followed by others who are anxious that no children will be unremembered on Christmas morning.

It is impossible to estimate how much good could be accomplished with the lowly dime, if the children of Rush county were to join in an enterprise of this character and shower dimes upon the Santa Claus fund.

This will give them something to think about, at least. It offers them an opportunity to be of great service and of having a part in the plan that is designed to banish sadness in the hearts of little folks on Christmas day.

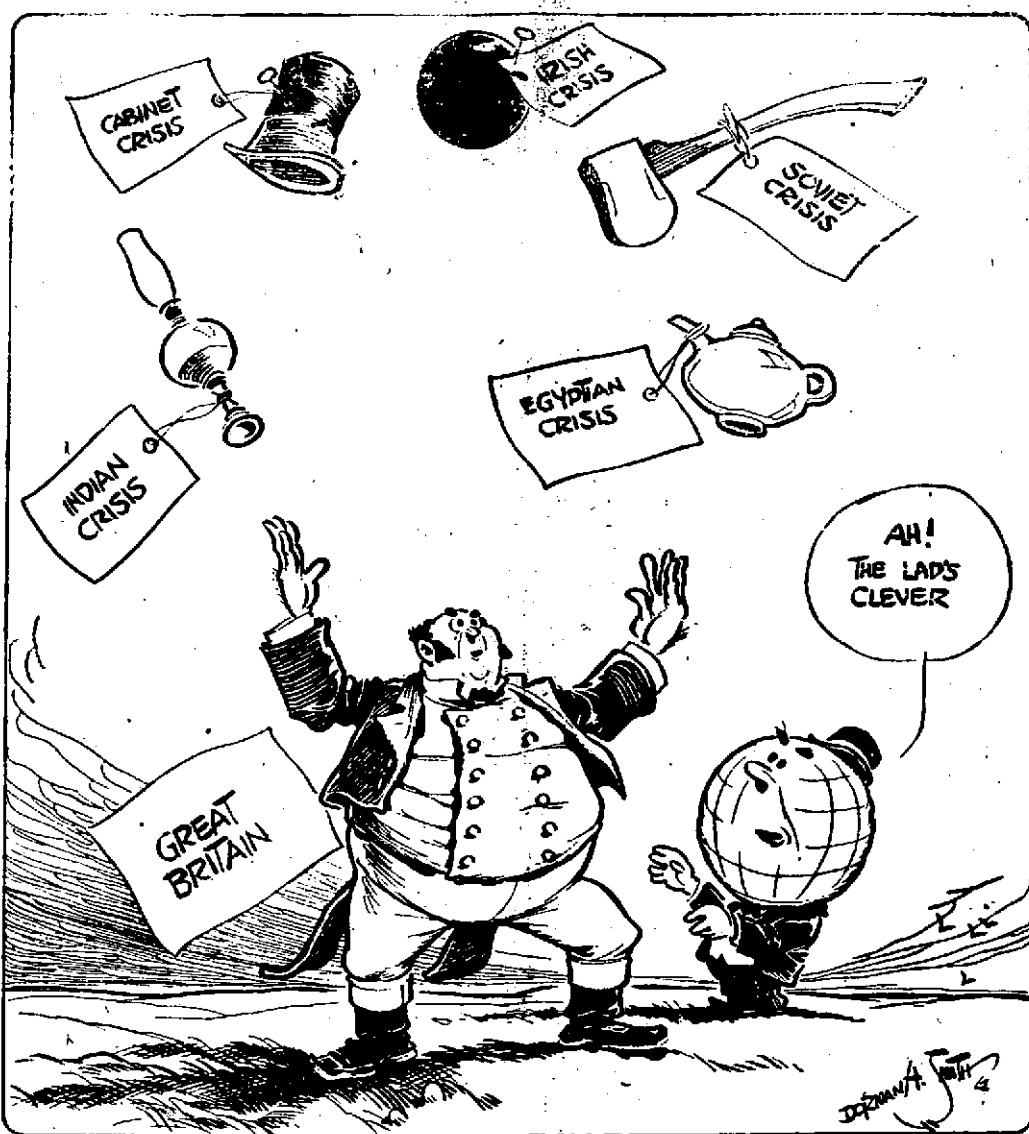

"I am sending 10 cents for you Santa," writes Gale C. Stucker, Rushville, R. R. 2, in his letter. "Enclosed find 10 cents for Santa," says a "P. S." on Betty Faye Wylie's letter to Santa Claus.

"Don't forget the poor little boys and girls," are the closing words of Charles L. Foley, who encloses a dime with his letter.

Paul T. Allen is Named President, Succeeding Will P. Jay—New Member is Announced

ADDRESS BY REV. R. W. SAGE

New officers were elected for the ensuing year at the regular meeting today noon of the Rushville Kiwanis club, and Paul T. Allen was named president, succeeding Will Jay. Other officers elected were Curt Hester, vice president, succeeding Dr. P. H. Chadwick; Samuel L. Trabue, district trustee, succeeding Robert Mansfield and Bert Trabue was re-elected treasurer.

The six directors named were Amos Baxter, C. L. Bohont, Dr. Cullen Sexton, Dr. H. V. Logan, Clarence Walden and Walter R. Thomas. The new officers will select the secretary of the club at the next meeting.

The Rev. Gibson Wilson, pastor of the First Presbyterian church, was announced as a new member today.

The principal address today was made by the Rev. R. W. Sage on the subject "Pass It On," which was in observance of Thanksgiving, as the regular meeting last week was not held. The speaker pointed out the value of good citizenship, and urged that the practices of advanced civilization be continued into the future generations. Several guests were present at the luncheon today.

OPEN SESSION FOR FRIDAY NIGHT

Dr. W. P. Dearing of Oakland City College to Speak at Initial Meeting of Teachers Convention

GENERAL PUBLIC INVITED

December Session of Parent Teachers Association Combined With Convention Opening

The opening session of the Sixth District Teachers Association will be held in the Main Street Christian Church on Friday evening, it was announced today. The program will consist of a musical prelude by the Cole Orchestra, and a popular lecture by Dr. W. P. Dearing of Oakland City College. The Rushville Parent Teachers Association will combine their December meeting with this opening session of the sixth district convention.

The original program did not call for a Friday evening session, but it has been decided since the programs were printed to hold a meeting and Dr. Dearing has consented to speak.

Although marking the beginning of the sixth district teachers convention, the meeting will be open to everyone and the public is most cordially invited and urged to attend.

Dr. Dearing is one of the most eloquent speakers of the middle west. He has been very successful as president of Oakland City College, and is a nationally recognized educator. He is also president-elect of the Indiana State Teachers Association. The topic announced for his address is "The Heritage of Youth."

The state superintendent, Dr. Henry Noble Sherwood will also be present. Dr. Sherwood is not scheduled for an address until the Saturday morning session, but he has been invited to introduce Dr. Dearing.

More than seven hundred teachers are expected for the district convention, which will be an unusually large attendance. The forthcoming convention will be the fourth one to be held in Rushville in nine years. All of them have been characterized by large attendance because Rushville is centrally located and has good rail facilities.

FARM SALE PROCEEDS MOUNT CLOSE TO \$19,000

Auction on Farm of Late Edward Chambers Resembles County Fair—Three Auctioneers

BUYERS FROM MANY COUNTIES

One of the largest auction sales ever held in Rush county was conducted Wednesday on the farm owned by the late Edward Chambers when all of the personal property was disposed of by Mrs. Chambers, the administratrix, in order to settle the estate.

The sales were said to have netted between \$18,000 and \$19,000, and the crowd was almost equal to that of a county fair. Three auctioneers were in charge of the selling end of the sale, which included live stock, grain, implements and other property owned by Mr. Chambers. The farm is located in Washington township, and Mr. Chambers was regarded as one of the most prosperous farmers of the county. Buyers were present from many surrounding counties, as well as a good representation from Rush county.

The sale began at 9 o'clock in the morning and on account of the enormous amount of advertised goods, it was necessary to keep the crowd until almost dark, before everything was sold.

DIES SUDDENLY AT ANDERSON

Mrs. Charlotte Cox, Formerly of Rushville, Expires This Morning

Friends here this afternoon received word of the sudden death of Mrs. Charlotte Cox, at her home in Anderson, which occurred about 11:30 this morning.

No particulars were received as to the cause of her death, except that it was sudden.

She formerly lived in this city, in West Third street. She is survived by one daughter, Mrs. Harry Osborne of Louisville, Ky., and also grandchildren. The funeral services will be held sometime Saturday at the late residence in Anderson.

MISS KELSO IMPROVES

Miss Bernice Kelso is improving at her home in West First street, after being ill for the past four weeks with pneumonia.

WABASH STUDENTS ARE CALLED BY GRAND JURY

Three Members of College Crowd Admit They Painted DePaw Buildings Before Game

21 SAID TO BE IMPLICATED

Greencastle, Ind., Dec. 4.—Three students of Wabash college, who according to their story helped paint buildings on the DePaw campus, on the eve of the Wabash-DePaw football game, were here today to testify before the Putnam county grand jury.

The grand jury met in special session this morning to investigate the vandalism.

Before entering the grand jury room the three students said they were members of a gang of twenty-five or thirty who came to Greencastle with the purpose of painting Wabash letters on the DePaw Athletic field. After reaching Greencastle a mob seized them, and they decided to paint the buildings on the campus.

The grand jury is expected to report late today. Guy Bolin, a detective from Brazil appeared before the grand jury to present a list of twenty-one persons he said were implicated in the escapade.

COUNTY SCHOOLS TO BE INSPECTED

County Superintendent Will be Taken to Schools Representing Different Types

INVITED BY DR. D. FARTHING

Tour of County Friday to Precede Sixth District Teachers Convention on Saturday

County school superintendents of the eight counties in the sixth district, and several others from the nearby counties will be held Friday to inspect and visit the rural schools, upon invitation of B. D. Farthing, county school superintendent.

The executives were invited a day before the annual meeting of the Sixth District Teachers association, which will probably attract 700 teachers here Saturday for the gathering.

H. N. Sherwood, state school superintendent, will be here in the morning to accompany the county school executives on their trip to the schools, and a schedule has been adopted for the day.

The visiting superintendents will be taken to schools representing the different types, showing how the various types can be handled successfully in a county of this size.

The school men will leave here at 8:30 in the morning and drive to the Applegate school, which is an example of a one room building. They will remain here from 9 to 9:30 and then leave for New Salem, 8-4 plan commissioned school, and they will remain here from 9:50 to 10:20 o'clock. The rest of the schedule is as follows:

Richland school, 1 to 8 plan, two rooms, 10:45 to 11:15.

Milroy school, 6-3-3 plan, commissioned school, 11:30 to noon, with dinner at Milroy.

Homer, 6-3 plan, junior high school only, 1:00 to 1:30.

Webb school, 8-4 plan, commissioned, partly junior high plan, 1:50 to 2:20.

Jackson, 1 to 8 plan, consolidated, four rooms, 2:40 to 3:10.

Gings school, 3 year plan, accredited school. This will be the last school visited from 3:25 to 4 o'clock.

Most of the school heads including State Superintendent Sherwood, will be here again Saturday to attend the district association at the Graham high school building.

CENTENNIAL SERVICE

The service tonight at the St. Paul's M. E. church parsonage, in observance of Centennial Week, will be held in the auditorium of the church and Dr. J. T. Seull will have charge of the services. The quarterly conference will also be held at this time. On Sunday there will be services in the morning, afternoon and evening, which marks the close of the Centennial celebration.

The report on the progress of the Christmas Seals campaign today shows that the canvass to sell the little health stickers and health bonds is under way and is beginning to show results.

The purchase by the Psi Iota Xi sorority of \$110 worth of bonds is the largest contribution to the campaign thus far. The biggest sum invested, among the new supporters of the campaign announced today, is \$25 from the Rush County National bank, which went for a health bond.

Those directing the campaign today called attention to the fact that everyone should be willing to do all within their power to help the movement which has such a worthy object.

A large percent of the fund raised through the sale of bonds and seals remains here and is used to support the visiting nurse and the tuberculosis clinics, which have been of immense value in eradicating tuberculosis.

The organization was without a representative in Ripley township at the opening of the campaign, but it was announced today that the Literary Circle of Carthage and L. A. Lockwood, superintendent of schools, had been placed in charge of sales in the township.

Murray A. Auerbach, executive secretary of the Indiana Tuberculosis Association, in a letter to secretaries of county associations today, pointed out that for twenty years the work of educating the people of America in the ways of health has steadily been increasing, with the proceeds of Christmas Seal and Health Bond sale each year, bringing in the money with which to fight against the disease could be carried on. During the last score of years he pointed out the death rate from tuberculosis.

DAIRY PRODUCTS PLANT TO BE LOCATED IN CITY

R. V. Barnett of Noblesville is Moving to Rushville For Residence—Hopes to Start Dec. 15

A LOCAL MARKET FOR CREAM

The Hoosier Dairy Products company will open a plant in Rushville and hopes to have it in operation by December 15, according to R. V. Barnett, who is moving to Rushville from Noblesville and will make his home in this city. "In fact, I am already a citizen of Rushville," said Mr. Barnett, in comment upon his coming to Rushville for permanent residence. His family will move as soon as suitable property can be found.

The Hoosier Dairy products Co., will wholesale and retail pasteurized milk and will have trucks making regular routes throughout the county to buy cream from Rush county farmers.

The plant will manufacture ice cream and already has been guaranteed a large wholesale trade locally. During the winter butter, cheese and other creamery products will be made, and in the summer the company will be engaged for the most part in shipping fluid milk.

Local men who were instrumental in locating the company here were enthusiastic over the project because it will give farmers a home market for their cream and will make unnecessary the shipping into Rushville of large quantities of ice cream.

COOLIDGE APPEALS FOR CO-OPERATION

Continued from Page One

among them."

President Coolidge was careful to avoid committing his advocacy of international co-operation to any specific international legal machinery either existent or contemplated.

"I would not have you mistake my meaning," he pointed out, "I should never advocate the sacrifice of any part of our prosperity because of the vague hope that in following indiscriminate pulses of kindness we might help some who are in worse condition than ourselves.

"Nor would I sacrifice our independence and freedom of action. I do not believe that we are strong enough, or that any people ever was strong enough, to accomplish any permanent good in the world through the indiscriminations of mere, unorganized, undirected generosity.

"We can only help those who will help themselves. In any other rule, I am convinced, would be disaster for us and increasing misfortune for those whom we might seek to serve."

The president paid a warm tribute to "wonderful Chicago," of which he said, "I think of it first as the great market place to which the world resorts to buy and sell its food."

He turned to the Biblical history of the "period of agricultural depression" in the world at the time when Joseph built up Egypt's grain supplies to last during the "seven years of dearth."

Just as the whole Mediterranean world of the time had depended upon Egypt's grain stored up under the direction of Joseph, so, the president said, had the whole world of our time depended in a period of virtual famine upon the great central valleys of America and upon Chicago.

ATTENDING BOYS AND GIRLS CLUB CONGRESS

Helen Wissing of Near Manilla in Chicago by Reason of Having Won Trip at State Fair

1300 TO ATTEND THE BANQUET

Helen Wissing, daughter of Mr. and Mrs. George Wissing, living south of Manilla, is attending the third annual Boys and Girls Club congress during the International Livestock Exposition in Chicago this week.

Miss Wissing was entitled to attend the congress for winning the Montgomery Ward and Co. award at the Indiana state fair. She won many prizes at the fair in canning, baking and sewing.

Miss Wissing was one of 1300 boys and girls attending the congress who looked forward with much enthusiasm to seeing President Coolidge this evening.

The Boys and Girls Club banquet, which is larger than ever before, will be held this year at the Drake Hotel. The 1300 boys and girls will give their Club yells, sing their Club songs and have a good time generally. At this banquet the Moses trophy will be awarded to the boy who has shown the best leadership in this community. Another interesting feature of the banquet will be the style show at which Club girls will exhibit dresses which they have made as a part of their Club Work during the year and will model them in competition with the garments worn by a city flapper.

In order that all Club members may partially enjoy the benefits of the Congress, the banquet will be broadcast from Chicago to all parts of the United States under auspices of the National Farm Radio Council.

the distributing point, for their food products.

"But out of the Egyptian experience of Israel came the opportunity for its great service in world leadership," the president said. "It was in those years that Moses came into the world and the Hebrew nation was prepared for the profound teaching and the great message that it was to bestow upon all man-kind.

"And my faith is firm in the conviction that, if we will but realize it these years of trial and distress for the American farmer will represent only a time of preparation for his opportunity to secure that recognition of his importance, that need for economic equality, which enable him to render a supreme service to him and to his fellow men."

"Mr. Coolidge appealed for more understanding and co-operation between agriculture and industry.

"There has been a great deal of distress endured by the people on the farm," he said. "The industrial and commercial side of our nation has been giving too much thought to wheat and hogs and corn, to their transportation and to their prices, and not enough thought to the men and women who are engaged in agriculture, to their welfare and to their prosperity."

In closing, the president pointed to "common sense" co-operation with other nations as the one road to world markets, world prosperity and world peace.

"Our common sense must tell us if our self-interest did not," he said, "that our prosperity, our advancement, our portion of good fortune, must largely depend upon the share that shall be allotted to our neighbors."

the disease throughout America has been cut in half, and that last year there were less than 100,000 deaths.

"The little penny Christmas Seals have had a great share in this remarkable decrease," he said.

"Seals were sold for the first time in 1907, when 300,000 of them were purchased. Their popularity and number of supporters have so increased that in 1923 more than 425,000,000 Seals were purchased. During the seventeen years of the organized tuberculosis movement, nearly \$30,000,000 has been raised in America by the sale of these timely symbols of hope. That means that millions of persons, rich and poor, big and little, old and young, sick and well, have been partners in the crusade against the 'White Plague' in Indiana the story has been the same. For four years now the state has led all other states in the Mississippi Valley in its per capita sale of Seals. Death rates steadily have been declining throughout Hoosier counties since organized work against the 'Plague' began. What

have all these millions of supporters of the Christmas Seal helped to support in this country? There are now over 600 hospitals and sanatoria (seventeen years ago there were but 100) with nearly 70,000 beds; and all over 600 clinics and dispensaries where persons made good for periodical physical examinations. There are at least 10,000 nurses who are defeating the disease in the schools and homes and are giving not only treatment but healthful health instruction to mothers and children. Research and statisticians are collecting data of untold value. Millions of pieces of printed matter and thousands of columns of newspapers and magazine articles have helped to tell the story of the Christmas Seals' fight against tuberculosis to all ages, types and classes of American citizens. Other elements in the educational campaign in Indiana and elsewhere have been public health lectures, speakers, demonstrations and exhibits, motion pictures, chaff plays and pageants, posters and stories and the clergy of the country have responded nobly each year to the call of the Christmas Seal."

The Corn King

Ralph Heilman of Hope, Bartholomew county, was crowned National Corn King at the National Grain and Hay show in Chicago Wednesday, thus demonstrating again that Hoosiers have what it takes to make national corn kings, because they grow in Indiana just as naturally as the corn does.

It further demonstrates that Rush county can produce a national corn king just as well as Bartholomew or Shelby or Johnson or any other county in southeastern Indiana, where the soil and atmospheric conditions seem just right for corn kings.

Rush county has taken a long step towards improvement of her corn in the campaign for field selection of seed corn, which has resulted, according to a survey, in an average of 22.1 bushels more per farm being laid away by December 1 for seed purposes.

The next step is the Rush County Corn Show January 6, 7 and 8. It behooves every farmer in Rush county, if he has selected any corn from which he can pick show ears, to enter the show because headful competition will lead to corn improvement.

This should be the goal of every Rush county corn grower. Only one can win the national championship, but for the crown to come to Rush county would give Rush county corn valuable prestige. Aside from any county pride they may have, farmers will do all they can to help raise the standard of Rush county corn for their own best interests.

The Health Championship

A flat-footed girl and a pimple-faced boy were selected as the healthiest girl and boy in America at the International Livestock Exposition in Chicago.

HUNT'S DAILY LETTER

BY HARRY D. HUNT

NEA Service Writer

WASHINGTON — Republican senators are much upset by the thought that William M. Butler will be among them for the next four years.

What the Republican solons fear is that Butler is going to be very hard to get along with.

Whether or not Butler enters the Senate as President Coolidge's personal representative even more than as a representative of the state of Massachusetts, it is a fact that most of the other senators are sure to think he does. Indeed, those who are in the capital already say so, though somewhat discreetly, for it doesn't pay them to antagonize the administration.

Now, the present Republican party management is entirely a different management from the one which existed before the Cleveland convention. The old management was thrown out at that time, none too politely. Naturally it didn't like it.

Most of the Republican senators, outside the progressives, were identified with the old management. Butler not only is identified with the new one, but, as national committee chairman, actually is head of it.

Butler takes his seat, too, under circumstances which his fellow senators regard with disfavor.

Senator Lodge's term had more than four years still to run when he died. Governor Cox of Massachusetts appointed Butler to fill out the whole of it. He was entitled to make the appointment but the Democrats say he had a right to fill the vacancy only temporarily—until a special election could be held. They intend to try to force one.

swollen thyroid gland the girl had, or the discolored tooth or coated tongue the boy's examination disclosed.

They won in spite of these defects—don't forget that.

The fact that a boy and girl with these physical handicaps won the "health championship" was printed in newspapers throughout the length and breadth of the land, and it will have a bad effect on those who do not stop to think.

When a man or woman live to an extraordinary age, the press generally brings out that they smoked a pipe or had some other habit that is not conducive to longevity.

Those who "leap" to quick conclusions immediately infer that the pipe or the bad habit prolonged their life.

And flat feet, swollen thyroid glands, pimples, coated tongues and discolored teeth should not be emphasized too much because they are the outward manifestations of lack of care of the body, failure to observe healthful habits or an inherited weakness.

SAFETY SAM

Cats have been known to fool around and get their tails caught in wringers, somewhat like men have been known to fool around and let their loose clothes get caught in machinery.

THE Democrats, however, are not the only ones who are dissatisfied. There are Massachusetts Republicans also who would like a chance against Butler in the primaries. The Republican senators, who would distinctly prefer somebody else, sympathize with them.

An administration always wants various things done that Congress objects to.

If Butler enters the Senate as the administration's representative, it will be his job to make its wishes known to his fellow lawmakers and to do his best to get them acted on favorably.

He knows as well as anybody how the Republican old-timers feel toward him. Inasmuch as he stands small chance of winning their affection, it's suspected he won't try to, but will seek to accomplish his purposes with a club.

He'll have the club all right—his national committee chairmanship, his prestige as an exceptionally successful campaign manager, his standing as White House spokesman, his ready access to a president who is notoriously difficult for most people to establish close relations with or understand, even.

Armed with a club, Butler has the reputation of a man who doesn't hesitate to use it.

In short, the indications are he will step at once into a position of leadership.

He won't bear the leader's title but it is foreseen that he may dispute authority with the senator who does, and perhaps do it more or less successfully.

Yet he's a brand-new senator. He didn't become one by election. Even his right to continue being one is questioned. In fact, an upstart, as the dignified old-timers look at it.

The prospect of having to knuckle under to him is bitter.

Price of bread in Paris is higher than it has been since 1870, so maybe there's something crooked about the staff of life.

Somebody shot a vaudeville manager in Los Angeles, perhaps because he hired another skating act.

TODAY'S CROSS WORD PUZZLE

Why does the worm turn?

ANSWER TO WEDNESDAY'S PUZZLE

The hen crossed the road because there was a gang of chickens on the other side working cross word puzzles and she wanted to satisfy her curiosity.

That was the perfectly natural thing for the hen to do. We are all more or less like the hen in being curious. When we see in the newspaper a square space divided into a lot of small black and white spaces like a checker-board and some words down below under headings — "Horizontal" and "Vertical," we just naturally can't resist the temptation to see how limited our vocabulary really is.

Our C. W. P. editor, who thought his job was a little shaky, has taken on new courage since he read in the Indianapolis papers that Booth Tarkington and Meredith Nicholson have come out for the cross word puzzle.

GOOD NEWS FOR US

New player for Rushville! Newkirk, the mainstay on the Raleigh team, general all around man and an excellent basket shot, will soon be moving to Rushville with his parents. He becomes eligible to play at once, and his services will no doubt bring him a Lion uniform as soon as he gets accustomed to the local methods.

ON TO HAGERSTOWN CROWD. FOLLOW THE SWALLOW! ALL THE ROOM THAT RUSHVILLE WANTS, IS THE WORD SENT DOWN TO RUSHVILLE SCHOOL OFFICIALS, THE LIONS WILL NEED YOUR HELP. CAGE HAGERSTOWN FRIDAY NIGHT.

TWELVE! On your toes Arkhuckle! Grab yourself a dozen baskets in the first half.

THEY'LL BE THERE TOO Suppose Connersville will send a delegation to Hagerstown, as it appears that they sorta like to see the Lions perform, which incidentally gives them a few pointers.

They Can Argue It Later

Frankfort plays Kokomo Friday night. The two columnists are having quite a time, with the Press Box in the Kokomo Tribune devoting much space, and What the Stars Say in the Frankfort Times poking in a word now and then. Finally the Frankfort paper remarks that the dear Friday night is not a debate, but a basketball game.

Hittin' 'em has received from Maudie a letter from a boxer who wants to fight. That's what we want to know.

SCHOOL HOUSE AT RUSHVILLE BURNS Says headline in Connersville News. They were in hopes that it was the gym, because they are leary of the December 19 game here. But the gym is still there!

George Purcell of the Vincennes Sun has written a song entitled "We Ain't Gonna Lose No More." To

IT IS JUST ABOUT TIME FOR "PEACHES" OF ORANGE TO BREAK THROUGH WITH 40 FIELD GOALS FOR THE GIRL'S TEAM.

GAME HERE FRIDAY!

The Cows of Moscow are billed for a game here Friday night, meeting the Spiders from Webb. If you can't go to Hagerstown, then drop around and see these teams play.

The Snappy Five thought they were in Jerusalem instead of New Palestine the other night, and left the snap outside the gates.

No Wonder They Are Charging a Dime

Wonder where Connersville found such an easy team as Montmorency to play Saturday. The next hard game on the schedule for the Eskiks will be with Raleigh. Tough pickin'.

The Connersville schedule sorta sounds like the schedule that Washington has, Elmore and Friction, hey George?

FORTY-EIGHT!

McNamara, who was called a shiek by one of these columnists, will show Hagerstown that he can play basketball. He is billed for a dozen baskets Friday night.

If noise has anything to do with it, Marion, Ind., will take the first prize. John L. McCulloch, a citizen, has donated \$1,000 for hand instruments, and all of the pupils are going on a foot.

WE HAVE MUSIC ALSO

Susie's band, the ole stand patters for the Lions, are back in strong numbers this year and have been elevated to the high stage of fame over the north goal, which by the way satisfies George Witke. The band adds the pep to the rosters, and deserves much praise. Sorry Hittin' 'em hasn't a thousand smackers to donate to 'em.

SIXTY!

Now if Miller plays his usual game at Hagerstown Friday night, which no doubt he will, we will excuse him for playing Rip VanWinkle the other night. It just takes twelve baskets to make a good record for him, and we have them all filled in for the Hagerstown game.

LET'S SEE, TWELVE TIMES FIVE IS ONLY 60 POINTS. BY THE TIME THAT THE REST OF THE GANG MAKES A FEW, IT WILL BE TIME TO QUIT FOR ONE NIGHT.

WHIZ-BANG BALL

Rebester has a thirty minute team. They are being coached to win every game in thirty minutes, which is the regular period for four-

ney games. Not a bad idea to pile up the points early, but a poor idea to stop during the last 10 minutes. They failed to win from Kokomo in 30 minutes, however, and didn't even win in forty minutes.

Who wants to go to Columbus? School officials have plans for special train over Pennsylvania December 12, or special traction car with through service. Hagerstown first, then let's discover Columbus.

NEW SALEM TEAM WINS GAME FROM EVERTON 5

Rush County Basket Shooters Take Game 35 to 21, And Play New Palestine Next

WON FIVE OUT OF SIX GAMES

The New Salem Independent basketball team won another game making 5 out of 6 victories, by defeating Everton Tuesday night at New Salem 35 to 21. The first half ended 19 to 12 with New Salem leading. The game was fast, but all of the players were off in basket shooting. King starred for New Salem, making 14 points, while Spencer and Brandenburg went best for Everton.

New Salem will bump up against New Palestine Tuesday night at New Salem. This is the only team that has defeated the New Salem team, but the local team is confident that they can take them down the line. The line-up and summary:

New Salem 35
King 10, F. Brandenburg 21, Beckner 10, F. Grist 6, Wilson 4, C. Spencer 10, Norris 6, G. Fielding 10, H. Wilson 4, G. Cherry 10. Substitutions: Everton, Charles, Shettlworth; field goals, King 6, Beckner 4, K. Wilson 4, Norris, Brandenburg 4, Spencer 3, Fielding 2; foul goals, King 2, Beckner 3, Norris, Brandenburg, Cherry, Fielding.

LIONS GO ON THE ROAD FOR GAME FRIDAY NIGHT

Rushville High School Team and Rooters Will Invade Hagerstown For Week-End Game

SECONDS TO PLAY ALSO

The Rushville high school basketball team will make their second road trip of the season Friday night, when they journey up to Hagerstown, in Wayne county, for a game, and advance information predicts a hard fought contest.

The varsity squad will also be accompanied by the second team, which has a game with the Hagerstown seconds. The gym at Hagerstown is said to be of fair size and they have sent word down here that they can accommodate as many rooters as Rushville will send.

Hagerstown in the past has had a fast team, and last year gave Rushville a hard game here. They have the same team this year. Recently they held Connersville to six points. Fred Bills will referee the game.

On the following Friday night, December 12, Rushville plays at Columbus, both the first and second teams, and an effort is being made by school officials to secure a special traction car or charter a special train on the Pennsylvania.

FANNING WITH FARRELL

Looks Weaker in 1925

By HENRY L. FARRELL (United Press Sports Editor)

New York, Dec. 4—Comparisons of scores made in intersectional football can't be accepted as a means of judging the quality of football played in the various sections of the country. Very few games are arranged where a representative team of the East meets a team that represents the best football from the West or South.

From a few games that were played this season, it was shown that the best football in the South is about as good as the best football in the Middle-west, and that the best teams in the Middle-west are as good, if not better, than the star Eastern teams.

Take the case of Notre Dame for an example:

Notre Dame defeated Army and Princeton in the East. The Army tied a fine Yale team and Yale tied a great Dartmouth eleven that shared with Yale the best claim to an Eastern championship.

No Eastern team did so well in inter-sectional competition against Southern and Middlewestern football, although Notre Dame's victory over Georgia Tech could not be taken as a victory over the South, because Georgia Tech was not the best team in the South.

The best showings made by Southern teams were Georgia's feat in holding a powerful Yale team to a 7 to 6 score. That early season game might indicate that Georgia, one of the strongest Eastern teams was on a par with Yale, one of the strongest Eastern teams. If they had played later in the season when both teams were better developed, Georgia might have done just as well of a little better.

Vanderbilt's victory over the Minnesota team that had stopped the great Red Grange and beaten Illinois, was the big achievement of Southern football, because the two teams were representative of their sections, even if they weren't consid-

Chicago 19; Brown 7. Georgia Tech, 15; Penn State 13. Nebraska 33, Colgate 7. Against the West: Vanderbilt 16; Minnesota 0. Marquette 21, Navy 3. Washington and Jefferson 18, Detroit 6. Against the South: Notre Dame 34; Georgia Tech 3. Yale, 7; Georgia 6. Penn 3; Georgetown 0.

These figures show that Eastern teams didn't win a single game from a real outstanding team from the Middle-west. The two victories scored by Yale and Pennsylvania over Southern teams were sort of moral victories for the South and Bo McMillan's Centenary team gave the East a good smack by beating Boston College.

The figures, however, mean nothing, but they are interesting. Critics who have been traveling around the country know that the best teams of the South play football as good as the best teams in the Middle-west and in the East. No particular section of the country has any particular corner on the football market. They are all good.

Iowa City.—Harold Griffin of Sioux City was elected to pilot the Iowa University football eleven in 1925 last night. Griffin for two years has held down the center position.

Petersburg.—Dwight V. Beeds of Youngstown, who scored two touchdowns against Notre Dame, was elected captain of Carnegie Tech's 1925 football team.

VILLAGE GOSSIP IS BLOCKING THE TRIAL

Character That Caused Arrest of L. M. Hight and Mrs. Elsie Sweetin Delaying Start

ONLY ONE JUROR IS ACCEPTED

Others All Told Court Opinions Could Not Be Changed—100 More in Special Venire

(By United Press)

Mont Vernon, Ill., Dec. 4.—Village gossip—which caused the arrest of Lawrence M. Hight, respected pastor of Ina for murdering his wife, today is blocking a speedy start in the prosecution of Hight and Mrs. Elsie Sweetin, the woman's husband.

The gossip swept the community following the arrest and subsequent confessions of the two—confessions that they had murdered their mates by feeding them poison through love for one another—and the community has formed an opinion.

One juror out of 30 examined had been tentatively accepted. The others all told the court their opinions could not be changed.

One hundred more prospective jurors were in court this morning and it is likely that a jury will not be picked before Saturday. One hundred state witnesses—most of them Ina residents who knew and watched the visits of the Methodist pastor to the home of Mrs. Sweetin—have been dismissed until Monday when the testimony is expected to start.

Hight and Mrs. Sweetin both said today they had prayed last night. Mrs. Sweetin said she felt a "divine hand" was directing the destinies and would guide the jury to find her innocent. Hight would not talk.

Today Hight appeared extremely nervous and dejected. He continually picked lint from his black, churchy looking clothing. His face paled once or twice as state's attorneys asked jurors if they believed in capital punishment. Mrs. Sweetin, in mourning, seemed to pay no attention to the questioning.

Questioning of the jury yesterday centered about whether the prospective jurors believed in capital punishment.

Hight appeared composed throughout the tedious ordeal yesterday. Mrs. Sweetin, dressed in a plain black frock retained her composure up until the last hour or so. Then tears started rolling down her cheeks.

As court was closed her twelve year old son, who had been sitting unnoticed in the crowd of spectators, ran to his mother. The woman clasped the child and kissed him, and was crying as bailiffs led her from the court room.

MRS. SHEATSLEY TOOK HER LIFE. CORONER SAYS

Verdict Declares Death of Pastor's Wife in Furnace Resulted From Suffocation

MAY END THE INVESTIGATION

Columbus, Ohio, Dec. 4.—Mrs. Ada Sheatsley, committed suicide, Coroner Joseph Murphy declared today in his formal report on the Lutheran parsonage furnace mystery.

Murphy indicated death resulted from suffocation, pointing out this could have been caused by soot or by some other irritable substance. Such a condition would have prevented carbon monoxide gas entering the lung.

The fact that fragments of the lung tissue examined by scientists showed no trace of this poisonous gas, was accepted by other investigators as evidence that Mrs. Sheatsley had been murdered.

The coroner's verdict probably brings the investigation to a close. Whether Prosecutor King in view of the verdict of suicide, will attempt to probe the murder, is problematical.

BIRTHS

New Way to Quickly Stop Worst Cough

A remarkable new and simple method for treating a cough gives relief with the first doses and usually breaks a severe cough in 24 hours.

The treatment is based on the prescription known as Dr. King's New Discovery for Coughs. You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing, without following with water. The prescription has a double action. It not only soothes and heals soreness and irritation, but it quickly loosens and removes the phlegm and congestion which are the direct cause of the coughing. People have been astonished how quickly the coughing stopped with this new treatment, and the whole cough condition goes in a very short time.

The prescription is for coughs, chest colds, hoarseness, bronchitis, spasmodic croup, etc. It is excellent for children as well as grownups—no harmful drugs. Economical, too, as the dose is only one teaspoonful. At all good druggists. Ask for

GIVE YOUR STOMACH A CHANCE

The average person puts into his or her stomach just about twice as much food as the body needs or the stomach can digest. One of two things must happen—either the stomach weakens under the load or it must receive assistance, before it does weaken. Some people take time by the forelock because the stomach generally gives warning that it is being abused. These symptoms are gas, sour stomach, bloating, coated tongue and the like. When these symptoms appear take heed of the warning Nature doesn't give these warnings unless they mean something. First stop overloading the stomach and secondly go to your druggist and ask for Di-Jo. A few Di-Jo Tablets will give instant relief and enable the digestive juices to do their work. If you insist upon eating what you want, keep yourself supplied with Di-Jo. It will remove part of the load which the digestive forces of the stomach have to carry. If you are troubled with constipation take DI-VAC. It is sold by all druggists and is recommended as the proper laxative to be used in connection with Di-Jo, if any is needed.

CHURCH SYNOD TO MEET IN ATLANTA

Twenty-Eight Congregations of Protestant Churches Will Hold Annual Conference

500 OFFICIAL DELEGATES

Grave Problems Affecting Points of Interest to Christians, Will be Taken Up

Atlanta, Dec. 4—Millions of church members are looking forward with interest to the meeting of the Federal Council of Churches at Atlanta, December 3-9. Through this organization twenty-eight great Protestant communions carry on their cooperative work.

Grave problems are to be solved by the 500 official delegates. Many subjects which literally concern the welfare of the world will come up for discussion. Distinguished visitors from the four corners of the earth will give a picture of world-wide conditions, problems and needs.

All matters will be discussed from the Christian point of view. Details which will have to be met during the next four years will be referred to the Executive Committee, which meets annually, and the Administrative Committee, which meets monthly. Special meetings of both the Executive Committee and the entire Council may be called should conditions demand it.

Outstanding matters to be discussed include:

Evangelism and the call to personal religion.
The churches and war.
Prohibition and the fight against the liquor traffic.
Brotherhood in industry.
Race relations in this country and throughout the world.
A larger place for women in the Federal Council.

How Chrysler Enthusiasm Starts and Grows

It is almost amusing to watch a motorist drive a Chrysler Six for the first time. He realizes, of course, that the Chrysler Six "has something". Otherwise it could not have registered such an extraordinary success—it could not have so completely monopolized conversation.

Yet he is unprepared for the results the Chrysler Six delivers because all his experience has been based on totally different standards. He associates all the finer qualities of performance, driving and riding with cars of

higher price, larger size, greater weight.

Once behind the Chrysler wheel the revelation is not long delayed. He tries the Chrysler Six for power and pull, he lets it out for speed, he tests its agility and alertness, he demonstrates its braking efficiency, he takes some turns at smart speed.

And when he is through there is no case left for the heavy, the cumbersome, the wasteful. He promptly joins the army of Chrysler Six enthusiasts.

BUSINESS MAKES A BIG INCREASE

634 New Businesses Were Launched in State of Indiana During Month of November

AUTOMOTIVE INDUSTRY LEADS

Establishments Handling Foods Were Subject to Most Frequent Change of Hands

Indianapolis, Ind., Dec. 4.—Increased business activity in Indiana was reported today by the Indiana Daily Business Digest here.

According to its monthly summary 634 new businesses were launched during the past month, an increase of twenty-six percent over October's total of 501.

During November 376 business establishments changed ownership.

With a total of 141 firms, the automotive industry continued to lead in the establishment of new enterprises. Establishments handling foods were subject to the most frequent change of hands, the Digest showed. Then hotels were sold while only five were started; seventy-one restaurants and cafes changed ownership and seventy-four were launched; from a total of sixty-four groceries and meat markets opened, there were fifty-seven changes of ownership.

November's report showed a substantial gain in the number of factories and other large establishments. Forty-four manufacturing establishments were started, while only thirty entered the field in October.

Other new firms: Clothing, millinery, and shoes, 35; barber shops and beauty parlors, 33; real estate, loans, and insurance, 32; drug stores, confectioners, and cigar stores, 26; new business buildings, 20; grain elevators and building materials, 10; bakeries, and tailor shops, 5 each; theatres, 14; furniture and office supplies, 14; dentists and doctors, 11; coal companies and amusements 10 each; general stores, 9; newspapers, print shops and shoe repair shops, 7 each; public utilities, lawyers, and auditors, 6 each; hardware stores, 4; jewelry stores and banks 3 each; 5 and 10 cent stores, laundries, undertakers and fraternal orders, 2 each.

The Digest also report a decrease in the number of bankruptcy proceedings and fewer suits and judgments in the state during the past four weeks.

LITTLE FLATROCK

Miss Mildred Myers returned to Oak Park, Ill., Monday after spending the vacation with her parents, Mr. and Mrs. O. J. Myers.

THE INGENIOUS MR. HORNBLOWER HAS INVENTED A MAGIC MUD DISPENSER WHICH MAKES IT'S FIRST APPEARANCE ON NATIONAL MAGIC MUD WEEK DEC 1-6

The N. S. high school orchestra played for the parent-teacher's meeting at Webb Tuesday evening.

The Thanksgiving song and praise service which was held at the church here Sunday evening was well attended.

The Women's Missionary society has postponed the regular meeting to Tuesday December 9, at which time it will be held at the church at two o'clock. A splendid program has been arranged.

Mr. and Mrs. Charles Mauzy entertained D. E. Walker at dinner Sunday.

The Young Ladies' Circle will meet with Miss Esther Geise Saturday afternoon at two o'clock.

A crowded house greeted the Boyds and Miss Katherine Gutchell at the church here Tuesday evening in the second number of the Lyeum course. This was one of the highest

class companies in the lyeum and was given a great ovation in this community. The members were professional artists giving clever dramatic numbers and sketches, full of life, which appealed to the audience and drew loud and hearty applause. The vocal and instrumental numbers were extremely fine. The closing number was a one act play entitled "Mrs. Gad-About", which merited the highest appreciation and applause.

Who Is She?

Do you know her? She is Chicago's "mystery girl." She was found wandering around in the Union Station there. The girl is in the Cook County Hospital now and doesn't know who she is. She has forgotten everything about her past, but her answers to questions indicate she might be a college student, and the name "Charlotte" seems to arouse a response from her.

Notice of Sale of Real Estate

The undersigned Commissioner by virtue of an order of the Rush Circuit Court, made and entered in a cause therein pending; entitled Marion Owen et al. vs. Gertrud Gosnell et al. and Numbered 3416 upon the docket thereof, hereby gives notice that at the residence of Lafayette Peck, two miles southwest of Moscow, Orange Township, Indiana, on

SATURDAY, DECEMBER 6, 1924
AT 2:00 O'CLOCK P. M.

of said day he will offer for sale at private sale and at not less than the full appraised value thereof, the following described real estate to-wit: Beginning at the southeast corner of the west half of the northwest quarter of Section thirty (30) in Township twelve (12) north, range nine (9) east, thence north one hundred sixty-two (162) rods, four (4) links to the northeast corner of said half quarter Section; thence west forty-seven (47) rods and three (3) links; thence south one hundred sixty-two (162) rods, four (4) links to the south line of the said quarter Section; thence east forty-seven (47) rods, three (3) links to the place of beginning, containing forty-seven (47) acres and one hundred (100) rods.

Also a part of the northeast quarter of Section thirty (30) township twelve (12) north, range nine (9) east, commencing at a stone which is eleven (11) rods west from the southeast corner of said quarter section; thence north one hundred sixty-two (162) rods and six (6) links to a stone on the north line of said quarter; thence west one hundred one (101) rods and forty (40) links to a stone, thence south one hundred sixty-two (162) rods and six (6) links to a stone on the south line of said quarter, thence east one hundred one (101) rods and forty (40) links to the place of beginning, containing one hundred four (104) acres.

This is the Milikan Owen land and is located about two miles south of Moscow, and is fine corn land.

All situate in Rush County, Indiana. This land is divided into two tracts of forty-seven (47) acres and one hundred four (104) acres, and is fertile land and all under cultivation and either would make a very desirable farm.

Terms of Sale

One-half of purchase money, cash and remainder due in one year. Purchaser to execute his note bearing six per cent (6%) interest from date and secured by a first mortgage upon the real estate sold. Purchaser has the privilege of paying all cash.

EFFICIENCY EXPERTS TO CUT DOWN EXPENSE

Lawrence Orr, Chief Examiner of State Board of Accounts, Suggests Economy Method

SAYS LAW WOULD BE NEEDED

Indianapolis, Ind., Dec. 4.—The operation of public "efficiency experts" as a means of cutting down governmental expenses in Indiana was suggested today by Lawrence Orr, chief examiner of the state board of accounts.

Just as many business organizations are operated inefficient because their books are not well kept so public officials could carry out their duties economically and more efficiently if their files and books are kept in order. Many public officials, it is admitted, lack sound business judgment and it would be a matter of economy if they could be given expert advice now and then, Orr declared.

He said the experts, or whatever

they may be called, could operate under the state board of accounts just as examiners now operate. They could be called upon to make examinations and give advice on petitions of taxpayers in all localities where they would be needed.

Orr said these experts or investigators could be certified public accountants or men trained along a regular line of business.

Such a body of men would have to be provided by legislative enactment, the chief examiner said, and declared it would meet with a rather large amount of opposition. He said he had not considered having a bill prepared for presentation to the legislature but such a plan was a good idea.

STATE BEEKEEPERS TO MEET DECEMBER 18-19

E. R. Root, Foremost Bee Expert, to be One of Principal Speakers at Gathering

WILL BE HELD IN CAPITOL

Indianapolis, Ind., Dec. 4.—The statehouse will buzz December 18 and 19 when the State Beekeepers Association holds its annual meeting, Frank N. Wallace, state entomologist announced today.

E. R. Root, recognized as one of the foremost bee experts in the country will be one of the principal speakers. He has three subjects: "The Package Bee Business," "Some New Opportunities in the Southland," and "Some New Developments in Bee Behavior."

Harry F. Deits, assistant state entomologist, will talk on the "Role of the Honey Bee in the Pollination of Plants." Deits, who is an entomologist of broad experience, will graphically describe how the production of honey is not only a money making business for the small farmer but will point out how the honey bee is essential in the production of crops.

The beekeepers will discuss new method of making the production of honey more profitable and will tell how more money can be made in Indiana off a stand of bees than an acre of corn, Wallace said.

GREATEST ELECTRIC POOL

Calumet and Chicago District Produces Ten Per Cent of Energy

Hammond, Ind., Dec. 4.—The Calumet and Chicago district in Indiana and Illinois produces ten per cent of the electrical energy generated in the United States, Charles W. Class, vice-president of the Calumet Gas and Electric Company, here, declared today.

He said the Chicago district of super-power and generative system was "the greatest pool of electric energy in the world."

Plans were being considered for the erection of the largest power station in the world here, he said. It would have a large frontage on Lake Michigan from which an adequate supply of water could be obtained. He said it may have a capacity of a million kilowatts.

Terre Haute—"Judge, there are so many bootleggers in Taylorville I couldn't tell you who isn't in the liquor business over there," Thomas Meredith, told the city judge here when arraigned for intoxication.

Edinburg—A bronze tablet to Joseph and Nancy Young is to be erected on a large boulder near here in memory of their work as pioneers in this county and establishment of the first Presbyterian church.

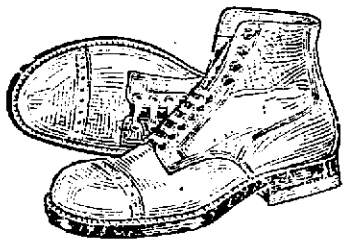

Lafayette—Mary Ruth Morrison and Gordon Haylor have been chosen for the leading roles in "The Girl with the Green Eyes", the play to be given by the Little Theatre Players at Purdue University.

WALK-OVER'S FIFTIETH ANNIVERSARY

Walk-Over

Stands use like a truck—looks like a sport roadster!

That's a fact, men. Traffic Special was built first for policemen, but it is worn now in every line of work where shoes must stand tough, heart-breaking wear with easy comfort. Yet when you dust it off and shine it up, it looks better than many dress shoes. It is a special Walk-Over style for men who work. Try to wear it out!
